SUMMARIZATION OF REPRESENTATIONS AND SUBMISSIONS
MADE AT THE PUBLIC HEARING

The applicant, George Daterra, Randall Homes, appeared in support of the application and gave a brief overview of the proposal.

Eric Gillies appeared in opposition to the application and stated that the proposed development would further exasperate an existing lack of parking in the area. Mr. Gillies further stated that the applicant should demolish the existing garage to create parking for the development. Mr. Gillies questioned what type of business was proposed for the site.

Janet Gillies appeared in opposition to the application, reiterated concerns about parking in the area and submitted three (3) communications from area residents in opposition to the application filed as Exhibits 8, 9 and 10.

Collin Gillespie appeared in opposition to the application and reiterated concerns regarding parking. Mr. Gillespie stated that the proposal would destabilize the integrity of the unique and tiny residential area that is Mager Drive East. Mr. Gillespie further stated that he was concerned with granting the applicant an unrestricted "C-1" Commercial District zoning classification. Mr. Gillespie iterated that the owner of the property in question also owns the lot at 615 St. Mary's Road and that he was concerned that it may be the intention of the proponents to purchase the lot at 617 St. Mary's Road and consolidate the three properties. In closing, Mr. Gillespie stated that, should the application be approved, that the zoning should be limited to a lawyer's office with a maximum of two (2) people working in said office.

George Daterra returned in rebuttal. In response to a question from Councillor Steeves, Mr. Daterra stated that he would be willing to entertain the possibility of removing the existing garage to provide more parking. Discussion ensued with respect to limiting the allowable uses on the site and Mr. Daterra stated it would be acceptable to limit the use to a professional office.

To the City Centre Community Committee

Subject: **Rezone the land from "RM-2" to "C1" to allow the establishment of an office use in an existing single-family dwelling**

Location: **619 St. Mary's Road**

Applicant: **George Daterra, Randal Homes**
Owner: **Randco Holdings**

Recommendation: **Approve, with conditions**

Report Summary:

- The applicant is proposing to rezone the subject site from "RM-1" Residential District to "C1" Commercial District to establish an office use in an existing single-family dwelling
- The proposal meets Plan Winnipeg policies which allow for a variety of uses in the Neighbourhood Policy Area

Site Description

The subject property is an irregularly shaped parcel of and that is approximately **4880 square feet (1487 square metres)** and is located on the northeast corner of Mager Drive E. and St. Mary's Road. It is in the Varennes neighbourhood of the St. Boniface ward. The site is currently zoned **"RM-2" Multiple Family Residential District** and is occupied by a single-family dwelling. Adjacent and surrounding lands include a mix of single-family dwellings primarily zoned "RM-2","R1-5" as well as "C1" and "C2" Commercial District along St. Mary's Road to the south.

Surrounding Land Use and Zoning

North: Single-family dwelling zoned "RM-2" Residential District then zoned "C1" Commercial District

South: Mager Drive E. then multiple-family dwelling zoned "RM-2" Residential District

East: Rear lane then single-family dwelling zoned "RM-2" Residential District

West: St. Mary's Road then single-family dwellings zoned "RM-2" Residential District

Background

The new zoning district is required for the creation of an office use on the site. The building has most recently been used as a single-family dwelling.

Description of the Proposed Development

- The applicant proposes to rezone the subject site from "RM-2" Residential District to "C1" Commercial District for an office use. The existing building will be renovated to accommodate an office use.
- The existing detached garage will provide the minimum two parking stalls for the proposed 850 square feet of office space. Access to these two spots will be provided from the rear public lane, as is currently the case.

Analysis

Plan Winnipeg Compliance

- The proposed concept complies with Plan Winnipeg in that a commercial rezoning is allowed in Neighbourhood Policy Areas. Plan Winnipeg supports and encourages mixed-use development including commercial uses at a scale and density compatible with each other.

Compatibility with existing neighbourhood and surrounding uses

- Other commercial uses are currently operating to the north of the subject site and appear to pose no adverse effect on the surrounding properties. This proposed rezoning and office use is compatible with the surrounding area.

Zoning

- The "C1" Commercial District is intended to provide for local commercial uses typically found within neighbourhoods. The scale and nature of the proposed development is consistent with the surrounding area.
- The existing building complies with all "C1" Commercial District bulk regulations except for an existing attached garage in the rear yard. Maintaining this accessory building requires a variance for a 4.4 foot north side yard instead of 10 feet.

Transportation and Site Access

- The existing access from the rear public lane will be maintained with no additional approaches proposed.

Recommendation

The Planning and Land Use Division recommends approval for the following reasons:

- The proposal is consistent with *Plan Winnipeg* (Policies 3A-01 Promote Orderly Development, 3B-04 Accommodate Commercial and Retail Development, 3B-05 Promote Commercial Densification) ;
- The proposal is compatible with the context of the surrounding area;
- Commercial development is an appropriate use at the subject location, provided that new development is of a scale that is compatible with the adjoining neighbourhood.

Recommended Conditions of Approval

1. That The Winnipeg Zoning By-law 6400/94 be amended by rezoning the subject land as shown on Schedule "A", for file **DAZ 258/05**, attached hereto and dated, **December 29, 2005**, to a **"C1" Commercial District,** subject to the following:

    A. That the applicant enter into a zoning agreement with the City of Winnipeg pursuant to Section 240 (1) of The City of Winnipeg Charter to, to provide for the following:

        i. The final plans indicating building locations, building profile details, approaches, signage, parking area, landscaping, fencing, exterior lighting details, garbage enclosure locations etc. shall be submitted to and approved by the **Riel Community Committee**, and the **Director of Planning and Land Use** for plan approval prior to the issuance of any building permits.

        ii. That there shall be no advertising signs, mobile signs, poster signs and A-frame signs on the entire site, except that a mobile sign shall be permitted on the site for a period of thirty (30) days in association with a new occupancy permit;

2. That a ten (10) percent dedication be made by a payment of a sum of money to the City in lieu of the requirement for land dedication based on the increase in market value of the land, if applicable.

3. That, in the event the application is not proceeded with expeditiously and the by-law is not enacted within twenty-four (24) months after adoption of the report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of this twenty-four (24) month period and the extension is subsequently approved by Council.

4. That the City Solicitor/Manager of Legal Services be requested to prepare the necessary rezoning by-law and forward same to Council for all three readings.

5. That the rezoning by-law shall come into effect when the Zoning Agreement has been registered by caveat against the subject land at the Winnipeg Land Titles Office, provided that the said effective date occurs within twenty-four (24) months from the date that the said rezoning by-law is adopted by Council.
