RE: OurWinnipeg By-law No. 120/2020
Third Reading

As required by section 228(1) of The City of Winnipeg Charter (the "Charter"), after second reading, the City submitted this By-law to the provincial Minister of Municipal Relations (the "Minister") for review and approval. Changes were requested by the Minister, which were prepared by the Public Service, and provided by way of report to and approved by the Executive Policy Committee on April 20, 2022 and Council on April 28, 2022. By letter of May 10, 2022 to Mayor Bowman, the Minister, has now approved the By-law and advised that the By-law may proceed for third reading.

I have enclosed herewith a replacement Appendix 1 to By-law No. 120/2020 which incorporates the agreed upon changes.

An electronic copy of the said replacement Appendix 1 has been provided by my assistant to Jennifer Ridge and Lorraine King via email.

Please note that section 231 of the Charter requires that as soon as practicable after Council passes the By-law, that the City forward to the Minister such number of certified copies of the By-law as the Minister requests. Further, please note that section 233 of the Charter requires that after Council passes the By-law, that the City give public notice of the same.

If you have any questions, feel free to contact me.

Dear Mayor Bowman:

OurWinnipeg 2045 By-law No. 120/2020

Thank you for forwarding Council's April 28, 2022 Disposition adopting the amendments recommended by the City of Winnipeg's Public Service to address the conditions of approval included in my letter of approval dated January 26, 2022.

I have reviewed the referral package sent to me on May 3, 2022 including the table summarizing the text and mapping amendments endorsed by Council and I confirm that the changes made to OurWinnipeg 2045 appropriately address the three conditions of approval included in my letter. As such, Council, at its earliest discretion, may proceed to give Third Reading to the By-law with the appropriate amendments included.

I want to congratulate you, Council and City staff and look forward to seeing how effectively OurWinnipeg 2045 guides land use planning and development while responding to important issues such as climate change, housing affordability and sustainable infrastructure.

Sincerely,

Eileen Clarke
