REPORTS

Item No. 6 Decriminalization for Simple Possession of Illicit Drugs

EXECUTIVE POLICY COMMITTEE RECOMMENDATION:

The Executive Policy Committee granted an extension of time to its March 14, 2023 meeting for the Winnipeg Public Service to report back on the following:

3. That subject to the approval of Recommendation 1, to allow for a whole of government approach, that the Public Service be directed to report back in 120 days with a process to review requests for letters of support by Community Based Organizations in Winnipeg who wish to apply to Health Canada for an exemption from provisions of the Controlled Drugs and Substances Act. The process developed by the Public Service should not overburden organizations in their application process but rather afford the entire Public Service an opportunity to ensure organizations making an application have the resources they need to provide the support for the four pillars and six policy and practice recommendations, as outlined in Attachment A and B.
