Comments in writing:

Dear Council,

I am shocked that our municipal government is overstepping so much in the area of interfering with property rights in short-term rentals. All of the other cities in the world have them. I use them when I travel.

Also interfering with business to business competition between those and the hotel industry I feel is inappropriate.

Lastly the idea of putting these people out of work right now and passing up all of their tax revenue for our city offends me as a Winnipeg resident.
