Subject: Protect short-term rentals in Winnipeg

Hi,

Hello,

I heard about a proposed plan to restrict the maximum number of days one can host on short term rental to 150 nights per year. Please reconsider restricting the number of days as this would greatly affect families that depend on this source of income to meet their daily needs.

Hosting on short-term rental has really helped me and my family in terms of providing a reliable source of income. We are able to afford basic things we couldn't have been able to now which also contributes to the Winnipeg community at large

Thank you as we expect a fairer and more balanced regulation

Thank you

Sincerely,
Abigail Odum
