Site Description

The subject site is located in the Whyte Ridge Neighbourhood of the Charleswood / Tuxedo Ward and is made up of several separate parcels under a series of owners. The area is bordered on the west, south and east sides by single family residential and to the north by McGillivray Boulevard. The site is presently zoned 'R1-20' Residential as well as a small triangular 'A5' Agricultural piece.

hSurrounding Land Use and Zoning

North: Scurfield Boulevard then 'R1-4' Residential then McGillivray Boulevard
South: 'R1-3.5' Residential and 'R1-4' Residential
East: Columbia Drive then 'R1-4' Residential
West: Bessboro Street North then 'R1-3.5' Residential

Background

The rezoning and subdivision of the adjacent lands to the west and north of the subject site went through in January 2005, (DASZ 44/04). The area development is based on a Concept Plan that came out of a recommendation during the review of an earlier application for this area in 1987, (DASZ 38/87). It has taken some time for the developer to assemble these remaining parcels along the west side of Bessboro to a point where application for subdivision and rezoning could be made.

Description of the Proposed Development

The area under consideration in this application is one of the last remaining pieces of the Whyte Ridge Subdivision to be subdivided and rezoned. The application proposes the creation of 18 new residential lots from 31 existing lots, rezoning the lots to 'R1-4' Single Family Residential. The subdivision also acquires a portion of the west side of the Columbia Drive right of way and allows the existing fence to be incorporated into the proposed private lots. All of the existing buildings within the subject site are expected to be removed, except for the house located on proposed lot 10.

Analysis

Plan Winnipeg Compliance

The area is designated Neighbourhood Policy in Plan Winnipeg 2020. The proposed rezoning to 'R1-4' Single Family Residential complies with several Plan Winnipeg Policies such as compact urban form and encouraging development where there can be the full range of municipal infrastructure.

In tandem with this application is the road closing application, DAC 30/05 which proposes to reduce the width of Columbia Drive. The applicant will acquire this portion of the right of way and incorporate it into the rezoning and subdivision. The existing timber fence with brick pillars along this right of way will eventually be incorporated into the newly subdivided lots on private property.

Recommendation

The Planning and Land Use Division recommend approval for the following reasons:

- Complies with Plan Winnipeg
- Consistent / compatible with the area
- Allows the Developer's character fencing to be incorporated into the subdivision onto private lots

Recommended Conditions of Approval

I. That the plan of subdivision proposed under File No. DASZ 50/05 be approved for preparation as a plan of subdivision by a Manitoba Land Surveyor in accordance with Schedule "A" for File No. DASZ 50/05, attached hereto and dated January 3, 2006, for registration in the Winnipeg Land Titles Office, subject to the following:

VIII. That the zoning section of the by-law shall come into force and effect when the Plan of Subdivision has been registered in the Winnipeg Land Titles Office, and the Zoning Agreement has been filed by caveat in the Winnipeg Land Titles Office against those lands **provided that the said effective date occurs within twenty-four (24) months from the date that the said rezoning by-law is adopted by Council.**

Re: Proposed subdivision and rezoning of land located on Bessboro Street North, south of Scurfield Blvd. – DASZ 50/05

An application has been submitted by Qualico Developments (Winnipeg) Ltd. to subdivide and rezone land located on Bessboro Street North, south of Scurfield Blvd..

Under the terms of Development Agreement 2/89, the Developer is required to construct a fence along the west side of Columbia Drive from Bourne Avenue (now closed) to McGillivray Boulevard. The fence has been constructed at the rear of proposed Lots 3 to 17. The proposal under DASZ 50/05 is to establish 17 lots on the east side of Bessboro Street North which would abut the fence constructed or to be constructed on the west side of Columbia Drive. Included within the proposed lots is city-owned property described as Lots 1 and 2, Block 4, Plan 24528 and a portion of Columbia Drive being closed under DAC 30/05. Bessboro Street North was serviced by the Developer in 2005 under the terms of Development Agreement AG 44/04.

It is therefore recommended that approval of DASZ 50/05 be subject to the Developer entering into an Addendum to Development Agreement AG 44/04 as follows:

1. By attaching to AG 44/04 a copy of the plan of subdivision approved under DASZ 50/05;

2. By adding a clause that the Developer shall pay its share of the cost of the regional land drainage system benefiting the land covered under DASZ 50/05 (2005 rate = $6,479.00/acre).

3. By adding a clause that the Developer shall pay its share of the cost of the existing oversized land drainage sewer in Columbia Drive benefiting the land covered under DASZ 50/05 (2005 rate = $3,474.00/acre).

4. By adding a clause that the Developer shall grant the City an easement to a width satisfactory to the Director of Water and Waste for maintenance of the land drainage sewer within the rear yards of proposed Lots 17 and 18.

5. By adding a clause that private approaches will not be permitted off Scurfield Boulevard and off Columbia Drive.

6. By adding a clause that the Developer shall pay $1,650.00 to defray the City's administration and related costs associated with the preparation and implementation of the Addendum.

7. By adding a clause that the Developer shall pay cash in lieu of dedication of land for public open space in accordance with the Development Agreement Parameters.

It is also recommended that the Developer enter into a Zoning Agreement requiring the owners of the lots backing on Columbia Drive to maintain the fence at the rear of the lots as constructed to the satisfaction of the Director of Public Works.

It is further recommended that the City shall transfer Lots 1 and 2, Block 4, Plan 24528 and the portion of Columbia Drive being closed under DAC 30/05 to the Developer for $1.00 for inclusion within the proposed plan of subdivision.
