Service inquiry: Register as a Delegation, Submit Comments in writing
Participation preference: Via Zoom

Comments in writing: While anything associated with the WPS looks good, and while this may be a very entertaining event, last week ended with EARTH DAY, a time when each of us should be seeking ways to reduce the waste of fossil fuels. Air travel is the biggest discretionary use of fossil fuel. Mega conferences and sporting events are major sources of GHG. To pour tax dollars into such subsidies is to work against your Climate goals.
