Comments in writing: In the planning document, I would like to see the following changes and additions:
Under Priority Themes, Action - Key themes The Downtown - Priority Action #5 Where it is written . attend to mindful cleanup of litter in encampments, the word "litter" (usually meaning cans, paper cups, wrappers, etc.) is insufficient to describe the situation. Rather the words "garbage and hazardous debris" should be used to describe the materials that accumulate in encampments including: discarded needles, chairs, flammable tarps, grocery carts, mattresses, clothing and footwear.
An important addition to this section in terms of outcomes/goals: Eliminate environmental and health hazards.
Under Key Theme - Improved Customer Service - One-stop shop for Bylaw enforcement Add to outcomes:
#37 Responsiveness and accountability of bylaw officers Under Neighbourhood action team framework, add:
#41 Mandatory coordination of service delivery and implementation across departments
