REASON FOR THE REPORT:

The closing of public rights-of-way requires a by-law under Section 139 of The City of Winnipeg Charter.

HISTORY:

In July of 2002, the Real Estate Division of the Planning, Property and Development Department received a request from the Progressive Accessibility Re-Form Associates (PARA) and 1010 Sinclair Inc. to reserve the lands shown as "Subject City Property" on the attached Misc. Plan No. 9300/1. PARA and 1010 Sinclair Inc. indicated that they were interested in acquiring the property for a housing project.

These lands were acquired by the City for the future extension of McGregor Street. The Public Works Department has advised that they are no longer required for that purpose and are surplus to its needs.

The Real Estate Division recommended to the Standing Policy Committee on Property and Development that the request to reserve the land for PARA and 1010 Sinclair Inc. not be approved, stating that there had been previous offers on the land and that the property could generate positive revenue through competition if exposed to the market. The Division further recommended that the property be declared to be surplus to the City's needs, subject to the enactment of a street closing by-law, and subject to the retention of the lands required for the "Proposed Street Opening" shown on Misc. Plan No. 9300/1. These recommendations were concurred in by Committee on November 21, 2002 and by Council on December 11, 2002.

The portion of Rugby Avenue west of McGregor Street – which was not addressed in the direction given by Council – has been included in the closing application.

On March 11, 2003, the Lord Selkirk-West Kildonan Community Committee approved the subject street closing.

Documents have been prepared to the effect the street closing and the consolidation of the closed streets into the adjoining property (under Subdivision Application No. DASSF 571/2005). It is now appropriate to enact the by-law formally closing the streets.

DISCUSSION:

Administrative Approval

All affected City departments and public utilities have considered the proposal. There are no administrative objections to the closing.

Easements

MTS has requested an easement for future underground telephone services in the portion of McGregor Street proposed to be closed.

Street Corner Widening as per 12/11/02 Council Direction

The land required for the street opening will be dedicated for that purpose by the registration of the plan of subdivision processed under Application No. DASSF 571/2005. No further approvals are required.

Transfer of Jurisdiction Over Public Rights-of-Way

The streets must be legally closed before they may be sold. Title to all public rights of way in Manitoba is vested in the name of the Province. The registration in the Winnipeg Land Titles Office of a closing by-law removes the public right of way status from the land and vests the ownership of the property in the City's name. The City is not entitled to dispose of the land until this has been done.

Financial Impact Statement

Date: March 20, 2006

COMMENTS:

Funding for the costs of the preparation and registration of the documents required to effect the closing has been provided by the Real Estate Division. These costs are considered to be immaterial.
