Subject: A DASZ application has been made to re-align lot lines between three existing holdings upon completion of a road closing & to rezone the rear portion of proposed Lot 3 from its current " PR-1 " Parks & Recreation District category to a " R1-9" Residential District category to match the existing zoning of the remainder of the lot.

Location: 80, 90, & 100 King's Drive
Legal Description: River Lots 118 & 119 Parish of St. Norbert being Lots 6& 7 and Part Lot 8, Block 26, Plan No.2211, Parcel B, Plan No. 10550, Lots 22, 23, 24, and 25 Plan No. 21465 and Parcel A, Plan 27247

Applicant: Barnes & Duncan Surveyors
Owners: Clifford & Diane Roulston, Donald & Florence Whitmore, Lois Brockman, City of Winnipeg

Recommendation: Approved with Conditions

Site Description

The lands in question lie to the north of Parkwood Place between King's Drive and the Red River. The three subject properties are large lots each occupied with a dwelling and zoned R1-9 Residential. The R1-9 designation allows for a minimum lot area of 9000 sq. ft. and a minimum frontage of 75 ft. An unopened right-of-way called the Drive currently bisects these three properties linking Parkwood with King's Drive further to the north. The riverbank frontage directly behind the Roulston property at 100 King's Drive is owned by the City of Winnipeg and currently zoned PR-1 Public Reserve but has been declared surplus to the City's long term needs. It will be transferred to Mr. Roulston in exchange for river frontage land that he currently owns adjoining to the north that will be transferred to his Mr. Brockman as part of a proposed new re-alignment of existing lot lines. Surrounding the subject three lots to the north, west and east are well established housing subdivisions; all zoned R1-9 Residential.

Description of the Proposed Development

In essence, what is occurring is that the current unopened right-of way extending through the subject three properties is to be permanently closed, divided up, and incorporated into the existing Whitmore, Brockman and Roulston properties. A riverbank parcel, owned by the City , has been declared surplus to the City's needs and is to be transferred to Mr. Roulston, making all

of the subject lots, (80, 90, and 100 King's Drive) more or less equal in size and configuration. The aforementioned City parcel is being rezoned to an R1-9 Residential category to match the current zoning of the existing three lots. The transfer of the surplus City property along the river to Mr. Roulston is compensation for an emergency dyke that was constructed on his property during the 1997 flood.

Analysis

The Planning, Property and Land Use Division fully supports 1) the proposed road closure and incorporation of the right-of-way lands into the lots owned by the Whitmores, Brockmans and Roulstons. The property owners affected do not want a road constructed through their properties, so having it there, whether opened or unopened, serves no viable purpose. The reworking of the property lines and the subsequent consolidation of the closed right-of-way and the former public reserve parcel into the existing lots will ultimately result in the three lots all having unencumbered access to the river. And all will be of similar area, configuration and zoning. No new lots are created but all three existing lots will increase in size.

Recommendation

The Planning and Land Use Division recommends approval for the following reasons:

- The existing road right-of –way no longer serves a purpose as the existing property owners have no desire to subdivide the rear portions of their land . The parcel of city land , declared surplus and being transferred to one of the existing property owners, should have identical zoning as the frontage properties. Furthermore it has been declared surplus, so the public reserve zoning is no longer required.

Recommended Conditions of Approval

I. That the plan of subdivision proposed under File No. DASZ 55/05 be approved for preparation as a plan of subdivision by a Manitoba Land Surveyor in accordance with Schedule "A" for File No. DASZ 55/05, attached hereto and dated April 18/06, for registration in the Winnipeg Land Titles Office.

II. That the Director of Planning, Property and Development be authorized to certify any documents in connection therewith.

IV. That a ten (10) percent dedication be made by a payment of a sum of money to the City in lieu of the requirement for land dedication based on the increase in market value of the land and the creation of additional sites, (if applicable).

VI. That the City Solicitor/Manager of Legal Services be requested to prepare the necessary by-law in accordance with the above.
