REASON FOR THE REPORT:

All street and lane closings require the consideration of the Community Committee.

HISTORY:

De Vries Avenue was dedicated as a public road in 1966. The portion proposed to be closed is not part of the paved road and is not used by the public.

The Planning, Property and Development Department has received a request from North Grassie Properties to acquire the portion of De Vries Avenue identified as “Proposed Closing” on the attached Misc. Plan No. 12434/1. The applicant intends to incorporate the closed street into DASZ 20/2004, an application to subdivide and rezone the adjacent land.

DISCUSSION:

Administrative Approval

The proposal has been considered by all affected City departments and public utilities. There are no administrative objections to the closing.

The Transportation Division of the Public Works Department advises that its approval is subject to the developer fulfilling obligations with respect to the construction of the Headmaster Row connection to Lagimodiere Boulevard and the removal of the Knowles Avenue connection to De Vries/Lagimodiere which are recommended conditions of the Public Works Department with respect to DASZ 20/04.

Transfer of Land for $1.00

The area of the streets being created by DASZ 20/2004 exceeds the area of the portion of De Vries Avenue proposed to be closed. In accordance with City policy, the street will be transferred to North Grassie Properties for the nominal sum of $1.00.

Transfer of Jurisdiction Over Public Rights-of-Way

The street must be legally closed before it may be transferred to the applicant. Title to all public rights of way in Manitoba is vested in the name of the Province. The registration in the Winnipeg Land Titles Office of a closing by-law removes the public right of way status from the land and vests the ownership of the property in the City's name. The City is not entitled to dispose of the land until this has been done.
