REASON FOR THE REPORT:

All street and lane closings require the consideration of the Community Committee.

HISTORY:

Plato Street was created in 1913 by the subdivision of the adjacent lands.

The portions of the street proposed to be closed are not paved or used for vehicular traffic and serve no apparent public purpose. The Real Estate Division of the Planning, Property and Development Department intends to offer these closed portions of the street for sale.

The residents at 1066 Lee Boulevard use the portion of Plato Street adjacent to their property for access. This portion of the street will remain open.

DISCUSSION:

Administrative Approval

The proposal has been considered by all affected City departments and public utilities. There are no administrative objections to the closing.

Driveway Encroachment at No. 1105 Lee Boulevard

The driveway for No. 1105 Lee Boulevard encroaches significantly into the southwest quadrant of the street. It will be necessary to relocate this encroachment prior to the sale of the closed street.

Easements

Manitoba Hydro and Centra Gas have advised that they will require easements to maintain services within the street. No permanent structures will be allowed within the easement areas.

Transfer of Jurisdiction Over Public Rights-of-Way

The street must be legally closed before it may be sold. Title to all public rights of way in Manitoba is vested in the name of the Province. The registration in the Winnipeg Land Titles Office of a closing by-law removes the public right of way status from the land and vests the ownership of the property in the City's name. The City is not entitled to dispose of the land until this has been done.
