RE: Manitoba Organization of Disc Sports Utilization of Maple Grove Park

FOR SUBMISSION TO: Standing Policy Committee on Property and Development

ORIGINAL REPORT SIGNED BY: Director of Planning, Property and Development

REPORT DATE: May 29, 2006

RECOMMENDATION:

1. That the Standing Policy Committee on Property and Development endorse the attached concept plan (Appendix A) for the redevelopment of Maple Grove Park.
2. That the Standing Policy Committee on Property and Development approve the proposed funding partnership model (Appendix B) for phase one of the development of a portion of Maple Grove Park.
3. Subject to Recommendation No. 1, Council approve the propose Land Lease Agreement in favour of Manitoba Organization of Disc Sports, for the development and maintenance of Athletic Fields identified as "Leased Area" on Misc. Plan No. 12827 in accordance with the terms and conditions as outlined in attached "Offer to Lease" (Appendix C) and any other such terms, conditions and amendments deemed necessary by the Director of the Planning Property and Development Department and by the City Solicitor/Manager of Legal Services to protect the City's interest.
4. That Council amend by-law 89/2005 to add the Leased Area to the list of properties exempt from taxation, pursuant to section 11(2.1) of The Municipal Assessment Act.
5. That the proper officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

Report Summary

Key Issues:

- Consensus has been reached among all major Maple Grove Park stakeholders, including representatives from the Maple Grove Rugby Park; St. Vital Mustangs Football Club; Manitoba Organization of Disc Sports (MODS), and the Maple Grove Park Dog Owner's Association, regarding the attached Concept Plan which enables the Manitoba Organization of Disc sports to construct up to nine Ultimate Frisbee fields.
- Only the first Phase of the project is considered in this report.
- Manitoba Organization of Disc Sports is a registered non-profit organization.
- All lands identified within this report are owned by the City and zoned PR2 – Park and Recreation District; therefore, the proposed Land Lease requires consideration and approval by Council by at least two-thirds majority.
- The Leased Area needs to be added to By-law 89/2005 in order that it be exempt from taxation.

Report

REASON FOR THE REPORT:

On November 1, 2005 the Standing Policy Committee on Property and Development concurred in the recommendation of the Riel Community Committee and directed the Administration to:

1. Establish a Project Advisory Committee with the Stakeholders of the Park to ensure ongoing liaison and continuity with the stakeholders of the Park during the project implementation stage.
2. Negotiate a Project Development Agreement with the Manitoba Organization of Disc Sports including a provision that all drawings and specifications be subject to the approval of the Director of Planning, Property and Development.
3. Negotiate separate management agreements with the Maple Grove Park Dog Owner's Association and the Manitoba Organization of Disc Sports.

The Department has negotiated the terms and conditions of a proposed lease in favour of Manitoba Organization of Disc Sports for the development and maintenance of new athletic fields at Maple Grove Park.

Leases of parkland over five years in length are to be referred to Council for approval by at least two-thirds majority.

HISTORY:

In the spring of 2004 the Manitoba Organization of Disc Sports (MODS) approached the City requesting land for an Ultimate Frisbee Park. MODS asked that they be allowed to lease one of the following sites: The City-owned land immediately north of the Perimeter Hwy between the Red River and Main Street; land in the northwest corner of Waverley West; and land in Maple Grove Park.

On October 18, 2005, the Riel Community Committee concurred in the administrative recommendation and recommended that the Standing Policy Committee on Property and Development direct the Administration to:

1. Establish a Project Advisory Committee with the Stakeholders of the Park to ensure ongoing liaison and continuity with the stakeholders of the Park during the project implementation stage.
2. Negotiate a Project Development Agreement with the Manitoba Organization of Disc Sports including a provision that all drawings and specifications be subject to the approval of the Director of Planning, Property and Development.

3. Negotiate separate management agreements with the Maple Grove Park Dog Owner's Association and the Manitoba Organization of Disc Sports.

On November 1, 2005 the Standing Policy Committee on Property and Development concurred in the recommendations of the Riel Community Committee.

DISCUSSION:

During the spring and summer of 2004, the Administration reviewed the proposal submitted by MODS. It was decided between the City Administration and MODS that the site at Maple Grove Park was the site best suited to the MODS proposal.

In September of 2004 a Working Group consisting of the major stakeholders of Maple Grove Park was established to review the MODS proposal. The Working Group included representatives of MODS, Maple Grove Rugby Park, St. Vital Mustangs Football Club, Maple Grove Park Dog Owner's Association, the Parks and Open Space Division of the Public Works Department, and the Planning and Land Use Division of the Planning, Property and Development Department.

The Project Advisory Committee (PAC), as directed by the Standing Policy Committee on Property and Development, was established in January of 2006 and included the same membership as the original Working Group with the exception of the addition of a representative of the Real Estate Division of the Planning, Property and Development Department.

The PAC reached consensus on a proposed concept plan for Maple Grove Park that will allow MODS to construct up to nine fields for the sport of Ultimate Frisbee. These fields will be designed in such a way so that secondary uses can be accommodated,(i.e. football, rugby, soccer etc.). A copy of the concept plan is attached as Appendix A and the proposed funding partnership model is illustrated in Appendix B.

It was confirmed by the PAC, as advised by the Real Estate Division, Planning Property and Development, that a formal Management Agreement was not the appropriate mechanism for either MODS or the Maple Grove Park Dog Owners. Neither of these groups is proposing the development of a building, as is the case in most formal Management Agreements.

The Maple Grove Park Dog Owner's Association was concerned with their ability to pay the insurance costs required for a Land Lease. As a result the Association requested that the City of Winnipeg increase the land area covered under the Association's current Adopt-a-Park agreement. A report regarding this change will be submitted at a future date by the Public Works Department.

In the case of MODS it was decided that a Land Lease would be a more appropriate mechanism. The Land Lease is the subject of the recommendations of this report.

The PAC has reached consensus on the general terms and conditions of the Project Development Agreement. The required elements of the project along with what group or groups are responsible for their funding is identified in Appendix B. In addition, the project has been divided into two phases to allow some of the project to be started this year.

- Phase one of the project is expected to begin construction this summer, subject to the final Project Development Agreement being signed by the Directors of Public Works and Planning, Property and Development Departments, and be finished in the spring of 2007. MODS and the Parks and Open Space of the Public Works department currently have identified the funding required to complete phase one of their part of the project.

- Phase two is expected to commence in 2008 at the earliest and may take until 2013 to be completed. The Maple Grove Park Dog Owner's Association and the Maple Grove Rugby Park have not yet identified the funding required for their parts of the project. These elements have been postponed to Phase Two of the project so that the MODS proposal can proceed.

The park will be fully functional with the implementation of phase one.

Subject to the approval of MODS' concept plan, as attached in Appendix A and the funding partnership model illustrated in Appendix B, the Department and MODS have agreed to negotiate the terms and conditions for the development and on-going maintenance of the athletic fields at Maple Grove Park, to the satisfaction of the Directors of the Public Works and Planning, Property and Development Departments.

The Leased Area is currently owned by the City and is therefore exempt from both municipal and school taxes. The Legal Services Division advised that with the development of the Leased Area and given the non-profit status of the organization and the intended use of the property, the Leased Area will meet the criteria necessary to be added to the list of properties exempted from taxation in accordance with Subsection 11(2.1) of The Municipal Assessment Act. By-law 89/2005 must be amended to effect this exemption.

Additional Comments: The above analysis reflects only phase 1 of this project. Capital expenditures in 2006 consist of the $40,250 in project costs + $805 in short-term financing charges + $403 in corporate admin fees. The latter two costs are offset by equal recoveries in the Corporate Finance Department's current budget. Direct costs from 2007 consist of debt and finance charges on the 2006 capital expenditure and will be charged to the Public Works Department's current budget.
