Report Summary

Key Issues:

City Departments require photocopiers for their day-to-day operations. This contract provides each user a choice of a new or remanufactured photocopier, including maintenance and all consumables, with various features to meet their varied needs.

Implications of the Recommendation(s):

General Implications

ð None

X For the organization overall and/or for other departments

ð For the community and/or organizations external to the City of Winnipeg

X Involves a multi-year contract

Comment:

Policy implications

X No

ð Yes

Comment:

Financial Implications

X Within approved current and/or capital budget

ð Current and/or capital budget adjustment required

Comment:

Funding for this contract is through the budgets of the various user departments. The contract is on a cost-per-copy basis and does not commit the City to utilize any fixed quantity. The conditional amount of the contract of $2,174,508 is based on the absolute maximum that the contract would cost the City if all users were to select the highest segment of machines quoted. The contract allows users several options that reflect the machines they currently have in their possession. If the users continue with similar machines and utilize these options, as past experience as shown, the cost to the City would approximate current budget.

Reason for the report:

Only Council has the authority to approve an award of Contract where the funds are committed from future budgets.

History:

A Request for Proposals is issued triennially by the Materials Management Division of the Corporate Finance Department for the Rental of Photocopiers for various City Departments.

Final receipt of offers took place on August 16, 2002 with the bids being received from seven (7) bidders. A tabulation of these bids is contained in Appendix A – Summary of Bids.

Discussion:

The RFP Package specified that this contract shall consist of: supply, delivery, installation and successful start-up of new or re-manufactured photocopying machines at various City locations. Each machine is in place for a thirty-six (36) month period from placement of machine. Installation dates vary throughout the contract.

All bids were in accordance with the requirements of the RFP package.

The requirements for Bid and Performance Securities, and the execution of a formal contract were waived for this purchase in accordance with the authority delegated to the Director of Purchasing on April 9, 1992 and February 9, 1995.

The Recommended bidder is the current Contractor and has, by successfully performing previous work similar in nature, scope and value, demonstrated that they have the necessary qualifications and resources to perform the work of this contract.

Proposals are valid for acceptance until November 14, 2002.
