Report

REASON FOR THE REPORT:

All street and lane closings require the consideration of the Community Committee.

HISTORY:

The Planning, Property and Development Department has received a request to incorporate the portion of Keewatin Street south of Jefferson Avenue identified as "Proposed Closing" on the attached Misc. Plan No. 12829 into Phase 3 of the Santa Fe subdivision (DASZ 28/2003).
Keewatin Street has not been constructed at Jefferson. The closing will facilitate the planned realignment of the street at this intersection.

DISCUSSION:

Administrative Approval

The proposal has been considered by all affected City departments and public utilities. There are no administrative objections to the closing. There are no easement requirements.

Conveyance of Street for $1.00

The area of the streets being created by the subdivision exceeds the area of the street being closed. In accordance with City policy, the closed portion of Keewatin Street will be conveyed to the Developer for the nominal sum of $1.00.

Transfer of Jurisdiction Over Public Rights-of-Way

The street must be legally closed before it may be incorporated into the subdivision. Title to all public rights of way in Manitoba is vested in the name of the Province. The registration in the Winnipeg Land Titles Office of a closing by-law removes the public right of way status from the land and vests the ownership of the property in the City's name. The City is not entitled to dispose of the land until this has been done.
