APPENDIX "A" – STREET NAME REQUEST

CVLNS

LETTER OF INTENT

Date: January 16, 2026

To: Blaine Martinson
Land Development Services Coordinator
Real Estate and Land Development Division
City of Winnipeg

From: Tom Janzen, Principal
CVLNS LP

RE: **CANADA LANDS COMPANY – NAAWI-OODENA STREET NAME RESERVE LIST SUBMISSION DASZ 18/2025**

Dear Blaine,

Further to our recent correspondence, the purpose of this letter is to formerly put forward proposed street names for Canada Lands Company's (CLC) approved subdivision (DASZ 18/2025) for inclusion in the City of Winnipeg's Street Name Reserve List.

CLC's street naming concept draws from the "Path of the Warrior" theme and incorporates four key animals that are symbolic of traditional teachings. These animals also reflect the site's previous land use as the former Kapyong Barracks, where military vehicles were often described using animal names, creating a meaningful link between Indigenous culture and historical context. Working with Treaty One Nations on translation, the proposed street names are in the Anishinaabemowin language.

This street naming approach supports reconciliation through language revitalization and honours both the cultural heritage of the land and its layered history. The approach ensures that street names are culturally significant, respectful, and representative of the vision for Naawi-Oodena.

TRANSLATION

The following names were translated by Treaty One Nations:

Path of the Warrior (Animals):

- Wolf – Ma'iingan

- Bear – Makwa
- Lynx – Bizhiw
- Marten – Waabizheshi

STREET SUFFIX

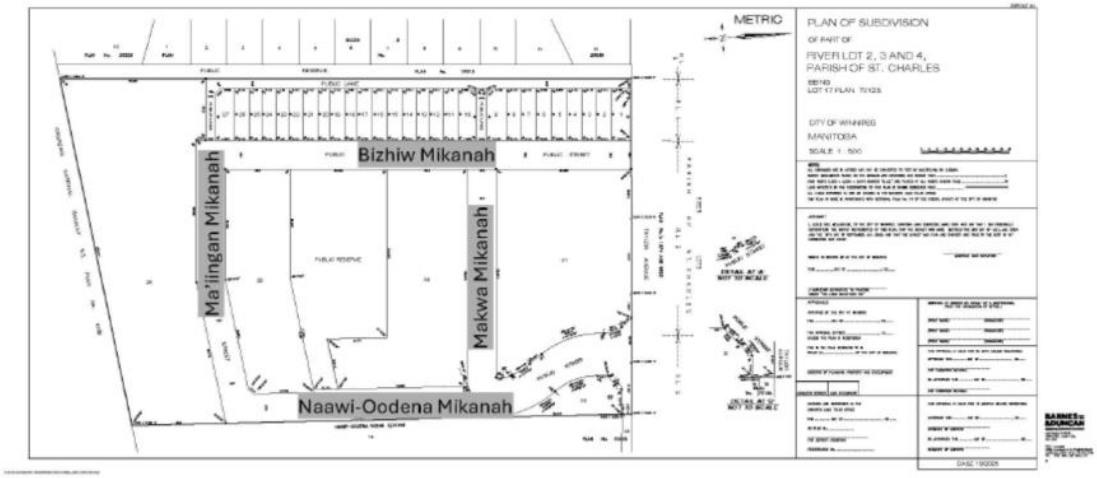
As per your confirmation, CLC and T1N have elected to use the Anishinaabemowin term 'Mikanah' – meaning street, road, avenue, path, way, etc. – as the suffix applied to all roads in Naawi-Oodena.

PROPOSED ROAD NAMES

Based on the above, the proposed road names are as follows:

- Naawi-Oodena Mikanah
- Ma'iingan Mikanah
- Bizhiw Mikanah
- Makwa Mikanah
- Waabizheshi Mikanah

The map below illustrates the assignment of these names to the approved public streets. CLC's land surveyor is in the process of preparing updated mylars to formalize these street name assignments.



Please note that while CLC is seeking the inclusion of "Waabizheshi Mikanah" on the City's Reserve List, it does not intend to use it in this phase of development. Further, we appreciate your confirmation that the above street names will be secured for CLC's exclusive use at Naawi-Oodena.

If you have any questions or require additional information, please do not hesitate to contact me at [redacted] or via email at [redacted].

Sincerely,

Tom Janzen, M.Sc.Pl, MCIP, RPP, LEED AP
