STANDING POLICY COMMITTEE ON PROPERTY AND DEVELOPMENT

QUESTION PERIOD

Minute No. 544
Councillor Wyatt advised that last month, he raised questions about an offer made to the rural municipalities surrounding the City of Winnipeg with regards to setting up service agreements. The Councillor then questioned if any municipalities responded to this inquiry by the City, to which Councillor De Smedt responded that several municipalities had responded.

Councillor Wyatt asked when a report on what is being considered for service sharing could be expected, to which Councillor De Smedt advised he would take the question under advisement.
