Subject: Waverley West Public Hearing

Dear Joanne,

As an officer and director of both Super-Lite Lighting Ltd. and The Floor Show Ltd. I must advise that the timely development of Waverley West is most important to the financial well-being of both companies.

We trust that Council to approve this development in the shortest time frame possible. Those companies that service the residential construction industry require that builders maintain a steady, uninterrupted flow of building lots.

Yours truly,
Allan L. Hochman
