Report

REASON FOR THE REPORT:

The dedication of these properties as public streets requires a by-law pursuant to Section 139 of The City of Winnipeg Charter.

HISTORY:

The properties shown as “Proposed Street Opening” on the attached Misc. Plan Nos. 11905, 11907, and 11919 have been used as part of the street system since Autumnwood and Westmount Drives were constructed in 1967. The lands remained under Parks jurisdiction as part of the Fermor Avenue Trail until 2004, when Council approved the transfer of jurisdiction to the Public Works Department in conjunction with the improvements to Fermor Avenue from Archibald Street to Lagimodière Boulevard as addressed in the 2003 Capital Works Program.

The property shown as “Proposed Street Opening” on the attached Misc. Plan No. 11904 has recently been acquired from the adjacent property owner and it is now appropriate to dedicate all of the lands as public streets.

DISCUSSION:

Administrative Approval

All affected City departments and public utilities have considered the proposal. There are no administrative objections to the street corners’ widening.

Submission of Report in accordance with By-Law 7325/98

This report is submitted in accordance with the provisions of By-Law 7325/98, a by-law to amend procedures to allow certain street opening and closing applications to be submitted to the Executive Policy Committee for report to Council without the requirement to be reviewed by a Standing Policy Committee.

The following criteria must be met before the authority given in the by-law may be exercised:

1. The proposed opening and acquisition must have been approved by the Director of Public Works.

2. The proposed opening must have been submitted to all affected City Departments and public utilities with no objections having been received.
3. Any conditions regarding engineering aspects (i.e. relocation of facilities) must have been mutually agreed upon.
4. The affected property owner(s) must have agreed to the terms and conditions of the acquisition of the land required for the proposed opening.
5. The terms and conditions of any agreements concerning the proposed opening and acquisition must have been approved by the Director of the department that requested the opening and either the Standing Committee on Fiscal Issues, the Standing Committee on Property and Development, or the Director of the Planning, Property and Development Department, as is appropriate.

All of these criteria have been met.
