Report

REASON FOR THE REPORT:

The dedication of this property as a public street requires a by-law pursuant to Section 139 of The City of Winnipeg Charter.

HISTORY:

The proposed Southwest Transit Corridor located north of Corydon Avenue and south of Wardlaw Avenue between Donald Street and the CN Main Line to the east, will require a realignment of Donald Street a short distance to the west. Portions of five private properties are required for this realignment.

On May 28, 2002, the Standing Policy Committee on Public Works approved a recommendation from the Transit Department that the portion of 383 McMillan Avenue shown as “Proposed Opening” on the attached Misc. Plan No. 11452/1 be acquired for the Southwest Transit Corridor.

On July 23, 2003, Council directed the Director of the Planning, Property and Development Department to initiate negotiations for the acquisition of this property and other properties required for Stage 1 of the Corridor.

The property at 383 McMillan Avenue shown as “Proposed Opening” on Misc. Plan No. 11452/1 has recently been acquired and it is now appropriate to dedicate the land as a public street.

DISCUSSION:

Administrative Approval

All affected City departments and public utilities have considered the proposal. There are no administrative objections to the street widening.

Submission of Report in accordance with By-Law 7325/98

This report is submitted in accordance with the provisions of By-Law 7325/98, a by-law to amend procedures to allow certain street opening and closing applications to be submitted to the Executive Policy Committee for report to Council without the requirement to be reviewed by a Standing Policy Committee.

The following criteria must be met before the authority given in the by-law may be exercised:

1. The proposed opening and acquisition must have been approved by the Director of Public Works.
2. The proposed opening must have been submitted to all affected City Departments and public utilities with no objections having been received.
3. Any conditions regarding engineering aspects (i.e. relocation of facilities) must have been mutually agreed upon.
4. The affected property owner(s) must have agreed to the terms and conditions of the acquisition of the land required for the proposed opening.
5. The terms and conditions of any agreements concerning the proposed opening and acquisition must have been approved by the Director of the department that requested the opening and either the Standing Committee on Fiscal Issues, the Standing Committee on Property and Development, or the Director of the Planning, Property and Development Department, as is appropriate.

All of these criteria have been met.

Financial Impact Statement Date: June 29, 2006

Project Name:

DAO 4/2006 – PROPOSED WIDENING OF MCMILLAN AVENUE AT SCOTT STREET
