Hi Joanne

I was told I could sign for or against by email.

**Definitely against the Waverly West project.**

I was looking at some old mandalas that older cities were based on, in order to create harmony, and a more sustainabile social, structual, urban environment. The idea of Urban sprawl is so disconnected from a wholistic urban structure, and social as well. There is too much urban decay in the inner city, if development was directed towards revitalization instead in these areas winnipeg would be a more healthier city; again attracting more people downtown creating a stronger urban pulse.

keep up the great work !

Bernard Ferguson
