Agenda –Standing Policy Committee on Water, Waste and Environment– September 11, 2026

REPORTS

Item No. 4 Verbal Report on Tracking the 2030 Emissions Reduction Target

COUNCIL DECISION:

On July 16, 2026, Council adopted the recommendation of recommendation of the Standing Policy Committee on Water, Waste and Environment and directed the Winnipeg Public Service to provide a verbal report back to the Standing Policy Committee on Water, Waste and Environment in 30 days on the following:

1. A corporate tracking document on remaining emissions reduction gap between the City's current trajectory and its adopted 2030 corporate GHG reduction target given current approved projects, funding, and implementation schedules with the goal of creating a one or two page tracking document that is a clear evaluation of targets feasible if the City wants to reach 2030, and projects the City would need to consider if alternative achievement pathways for 2032, 2035, 2040 are of interest to Council.

DECISION MAKING HISTORY:

COUNCIL DECISION:

On July 16, 2026, Council concurred in the recommendation of the Standing Policy Committee on Water, Waste and Environment and adopted the following:

1. That this report be received as information.

2. That the Public Service be directed to prepare and provide a verbal report back to the Standing Policy Committee on Water, Waste and Environment in 30 days on a corporate tracking document on remaining emissions reduction gap between the City's current trajectory and its adopted 2030 corporate GHG reduction target given current approved projects, funding, and implementation schedules with the goal of creating a one or two page tracking document that is a clear evaluation of targets feasible if the City wants to reach 2030, and projects the City would need to consider if alternative achievement pathways for 2032, 2035, 2040 are of interest to Council.

3. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.
