Minute No. 180
Report - Standing Policy Committee on Property and Development – February 1, 2005

Item No. 2 **Opening and Closing of public lanes at the Mount Carmel Clinic - 886 Main Street**
File DAOC 3/2004

EXECUTIVE POLICY COMMITTEE RECOMMENDATION:

The Executive Policy Committee concurred in the recommendations of the Standing Policy Committee on Property and Development and the Lord Selkirk-West Kildonan Community Committee and submits the following to Council:

1. That the lane opening and closing shown on Misc. Plan No. 12443/2 be approved and the lane to be closed declared surplus to the City's needs.

2. That the City Solicitor/Manager of Legal Services be instructed to prepare the necessary by-law for submission to Council to effect the opening and closing in accordance with Misc. Plan No. 12443/2, subject to the approval of the Standing Policy Committee on Property and Development of the terms and conditions of the conveyance of the land.

3. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT:

All street and lane opening and closings require the consideration of the Community Committee.

HISTORY:

The Planning, Property and Development Department has received a request from Prairie Architects Inc., representing the Mount Carmel Clinic, to purchase the portion of the public lane shown as "Proposed Closing" on the attached Misc. Plan No. 12443/2. Mount Carmel Clinic owns the properties on both sides of the lane and intends to incorporate it into a planned expansion of its facilities.

The applicant will be required to create a vehicle turnaround area, shown as "Proposed Opening" on the drawing, at the terminus of the closed lane.

DISCUSSION:

Administrative Approval

The proposal has been considered by all affected City departments and public utilities. There are no administrative objections to the closing.

The Transportation Division of the Public Works Department will require the applicant to enter into a servicing agreement for the construction, in portland cement concrete, of the new lane turn-around, and all related works, all as determined by and to the satisfaction of the Director of Public Works.

Easements

Manitoba Hydro, Centra Gas, and MTS Allstream Inc. have plants in the portion of the lane to be closed. The applicant will be required to either relocate these plants or enter into easement agreements with the Utilities for their continued maintenance.

Transfer of Jurisdiction Over Public Rights-of-Way

The lane must be legally closed before it may be sold. Title to all public rights of way in Manitoba is vested in the name of the Province. The registration in the Winnipeg Land Titles Office of a closing by-law removes the public right of way status from the land and vests the ownership of the property in the City's name. The City is not entitled to dispose of the land until this has been done.
