Report Summary:

- Extension of U of M Bannatyne Campus
- Site of future Faculty of Pharmacy building
- Extension of existing U of M Bannatyne Campus zoning agreement onto this site is recommended

Site Description

Existing Land Use and Zoning:

The properties in question are zoned "R2" Residential, and are currently occupied by a multi-storey apartment building, which was recently purchased by the University of Manitoba. The properties in question are approximately 9,000 square feet (0.2 acres) total in size.

Surrounding Land Use and Zoning:

North: McDermot Ave., with a parking lot and buildings associated with the University of Manitoba and the Health Sciences Centre (C2)
South: Parking areas, a parking garage, and buildings owned by the Winnipeg Regional Health Authority, located on the north side of Notre Dame Ave (C2)
East: Emily Street, then Health Sciences Centre buildings (C2)
West: Vacant lots and residential buildings owned by U of M for campus development (C2), then Tecumseh St with a residential neighbourhood and a church facility (R2).

Description of the Proposed Development

The applicant, the University of Manitoba, proposes to rezone the properties in question to allow for future development of the U of M Bannatyne Campus. The U of M is planning construct the new Faculty of Pharmacy building on a portion of this site, with construction estimated to be completed in the summer of 2007.

Analysis

The proposed rezoning is in general compatible with the surrounding land uses in the area. The majority of the properties and uses in the area are related to the activities of the University of Manitoba and the Health Sciences Centre. The rezoning of these properties to a "C2" Commercial district is consistent with the existing University of Manitoba and Health Sciences Centre complex, and will allow for potential expansion of these facilities and associated uses. The Planning & Land Use Division also recommends that the existing zoning agreement for U of M Bannatyne Campus properties be extended to this site, as reflected in the conditions of approval listed below.

Plan Winnipeg Compliance:

The subject parcels fall with a designated Neighbourhood Policy Area under Plan Winnipeg which allows for a variety of residential, commercial, institutional, and mixed uses; thus, the proposed rezoning is in conformance with Plan Winnipeg 2020.

Recommendation

The Planning and Land Use Division recommends approval for the following reasons:

- The proposed rezoning is in compliance with Plan Winnipeg and its policies;
- The proposed rezoning is a natural extension of the U of M Bannatyne Campus;
- The site is within what is commonly recognized as the Health Sciences Centre / University of Manitoba Bannatyne Medical Campus;
- The proposed rezoning is compatible with the surrounding properties.

Recommended Conditions of Approval
