Report

REASON FOR THE REPORT:
The Standing Policy Committee on Property and Development has the authority to forward the Secondary Plan By-Law to Council for First Reading.

HISTORY:
On July 5th, 2001, the Standing Policy Committee on Property & Development directed the Department of Planning, Property, and Development to prepare a Secondary Plan for the Osborne Village area.

The Planning, Property, and Development Department developed the Secondary Plan through a collaborative planning process with area residents and business owners. This process also included close consultation with all affected City departments to address any issues related to development and redevelopment in Osborne Village, and to ensure that the City's requirements were incorporated into the plan's policies.

DISCUSSION:
Plan Winnipeg

Osborne Village is in the central area of the City, immediately to the south of the Downtown, and comprises approximately 93 hectares (231 acres) of land. The area is designated Neighbourhood Policy Area by Plan Winnipeg 2020 Vision which allows for a "residential mix together with a variety of educational, recreational, institutional,

commercial and possibly industrial uses, at a scale and density compatible with each other."

Section 3B-02 of Plan Winnipeg 2020 Vision provides for the protection of existing neighbourhoods and, where warranted, for the adoption of secondary plans to guide development.

The Osborne Village Neighbourhood Plan was prepared in order to provide direction for development in this unique neighbourhood and as a means to implement the broader strategic directions expressed through the policies of Plan Winnipeg 2020 Vision.

The Osborne Village Neighbourhood Plan is the first secondary plan pertaining to redevelopment in established mature neighbourhoods prepared pursuant to the direction provided by Plan Winnipeg 2020 Vision and is part of an integrated hierarchy of plans. (See Attachment C: Planning and Development Framework)

The Osborne Village Neighbourhood Plan

The Neighbourhood Plan (NP) will guide and direct specific land uses, urban form, residential densities, road and servicing infrastructure, subdivision and development decisions that collectively will determine the form of the future community. (See Attachment B: The Osborne Village Neighbourhood Plan). The Plan will promote high quality urban development and redevelopment in Osborne Village in a manner that supports and enhances the neighbourhood. The Plan will ensure that new development and redevelopment within the plan area reinforces the appeal of the neighbourhood, discourages suburban-style development, and manages the impact of regional traffic.

To accomplish this, the NP provides a framework that includes a future-oriented vision of the community, a land use and urban form concept, and a series of policies designed to collectively achieve the plan.

The objectives of the NP are:

- Protect and reinforce the pedestrian orientation and village character of the plan area;
- Maintain a balance of complementary land uses;
- Create and reinforce a well designed, livable, integrated community;
- Encourage building design, site layouts, and urban design features which contribute to a unique community;
- Encourage mixed-use developments with active uses at ground level in appropriate locations;
- Protect, maintain, and encourage conservation of heritage buildings;
- Provide clarity, certainty, and consistency to the community and developers on land use and planning issues in Osborne Village; and
- Provide for meaningful community participation in the development review and approval process.

The policies of the NP provide the necessary mechanisms to achieve the plan's objectives and will ensure that new development and redevelopment respect and reinforce the unique urban form and character of the Osborne Village area.

Public Hearing on Secondary Plan

The Osborne Village Neighbourhood Plan is a secondary plan that has been prepared as a by-law for consideration at a public hearing. Pursuant to the Development Procedures By-Law **No. 5893/92:**

5. (1) A proposed Secondary Plan By-law shall, after first reading and before second reading, be referred for conduct of a public hearing in accordance with the City of Winnipeg Charter:

(a) where the land to which the proposed Secondary Plan By-law applies is located in one community to the community committee for that community;

but if council deems it more appropriate it may by resolution designate either the executive policy committee or a standing committee to conduct the public hearing.

The Osborne Village Neighbourhood Plan area is located in the ward of Fort Rouge – East Fort Gary and within the boundaries of the City Centre Community Committee. (See Attachment D: Secondary Plan Approval Process.)
