REASON FOR THE REPORT:

The Planning, Property and Development Department is required to report to the Standing Policy Committee on Property and Development on properties acquired by tax sale, and requires Council to declare lands to be surplus to the City's needs before any such lands may be sold.

HISTORY:

The subject property has been acquired through completion of the tax sale process.

Certificate of Title No.2062030 for the subject property issued in the name of the City of Winnipeg on December 30, 2004, pursuant to Tax Sale No. 107/248. Particulars of the subject property are as follows:

Location:	129 Hallet Street, east of Euclid Avenue as shown on the attached Misc. Plan No. 12458
Legal description:	Lot 52, Block 2, Plan 242
Assessment:	$21,250.00
Zoning:	R2, Residential
Site size:	10.058 m x 30.175 m = +/-303.5 m2 (33 ft x 99 ft) = =/-3,267 sq ft)

Property Description: The subject property consists of a vacant, unheated, single detached, one-storey residential building built in 1895, comprising 1338 sq. ft. on a part basement, and in poor condition.

The former owner, Alfred J. McCoy, showed no interest in redeeming this property from tax sale. The costs incurred to date by the City pursuant to the tax sale process are in the amount of $7,273.47. The estimated cost of demolition is $7,000.00.

DISCUSSION:

Notice of the property acquisition will be circulated among various City Departments to identify any possible civic need. In the event that no civic need is identified (and in accordance with current practice), notice of the property acquisition will be given to the Winnipeg Housing and Homelessness Initiative to determine whether this property can be used in conjunction with that Program.

In the event the property is of no interest to the Winnipeg Housing and Homelessness Initiative, it will be available for purchase by the general public. This property is not considered highly marketable and, therefore, it is likely that the costs incurred by the Land Operating Reserve Account will not be recoverable.
