Dear Mr. Mayor,

Kelvin Community Centre

This is a letter of support for Kelvin Community Centre. We ask that you grant the Centre permission to hold their Annual General Meeting to elect a new board of directors who will be committed to strengthening the Centre's presence in the neighbourhood. The Centre enables local youth to participate in activities within their community, and to make a meaningful contribution within their community.

We have been told that the Centre is in danger of being closed, and that local youth will have to use the facilities at either the Bronx Park or Chalmers Community Centres. This could expose the children to needless risk. Surely the community can be better served by keeping this Centre open.

For the past several months, the interim board of directors has been working diligently to promote the Centre, to encourage more active participation from the neighbourhood and to better meet the needs of those it serves. They have met with considerable success, and hope that this trend can continue and strengthen.

Mr. Mayor, please grant Kelvin Community Centre the opportunity to remain open for business. Thank you for your sincere consideration of this very important matter

Vice-President
Winnipeg Region

Kelvin Community Centre

Community Centres help lead to personal interaction and personal involvement, which means safer, cleaner and more active communities.

Once the community becomes involved in their own centres, they will begin to take pride in that community and find ways to make things better for themselves and their children. After school activities that are sponsored by the community centres give children an alternative to running the streets or languishing in cyberspace. To close centres in the working poor, areas of the city, not only deprives the young of a safe environment to socialize, it also deprives the area of a base of operations from which to launch community projects.

As a lifetime resident of the St. Boniface area, I have witnessed first hand the effects of removing public community centres and the support base it offers the families in that area. None of the effects are to the positive.

Try to think of the city of Winnipeg as a living cell. The whole cell suffers when one denies nourishment to a single part. In short, a way should be found to keep centres in the lower income areas open. Closing centres in favour of building new centres in influential areas should not be an option.

Thank you...

As I'm sure many of you will agree the 2006 season was a very busy and exciting season. On top of the regular season, various amateur football, corporate, and club events, which we put on throughout the year, we hosted a first class 94th Grey Cup.

On all accounts the game and the festival events throughout the week over all were a huge success! I know many of you took time off from work to help out where you could during this week and those that couldn't put in countless hours over and above your regular jobs to help out wherever and whenever needed. Over the course of season I continually heard many compliments about the Flight Crew volunteers that were involved in various club and community events. It was very gratifying to know that some of the best volunteers that were there helping put Winnipeg's best foot forward were also those that represent the Winnipeg Football Club on a regular basis. So once again, congratulations on a job well done to each of you.

Now that the 2006 season has come to an end I want to thank each of you for all your help throughout the season. I know it's been said, but much of what happens, and the experiences that our fans have couldn't happen without the contributions each of you make throughout the season. It's been a pleasure and a privilege to work with all of you and look forward to starting all over again in 2007!

Thank you for a GREAT 2006 and I wish you all a safe and Happy Holidays!

Colinne Dowbyhuz

Events Resource Coordinator

Thank you Wayne for all your help during the season and at the Grey Cup. Let me know if you decide whether or not you want to join the Flight Crew... We'd love to have you.

Happy Holidays!

Colinne

TEAM CANADA VOLLEYBALL CENTRE

Wayne Mezzo
849 Duglad Road
Winnipeg, MB

Dear Wayne:

On behalf of Team Canada Volleyball , I would like to thank you for your help at this year's Super-Spike Saturday on July 19th, 2003. Whether you have been a volunteer with us in the past or if this was your first time, we extremely appreciate your support towards the teams and the organization. Our volunteers are our most cherished resource!

We will continue to keep you posted as we progress in our plans and competition confirmations for this season as well as next season. There is no doubt that volunteers are the key to making our events run smoothly and successfully. We hope that we can count on you once again next year.

On behalf of the staff and the 30 plus athletes who are devoting their lives to the pursuit of the Olympic dream, we thank you once again for your continued support. Hopefully we will see you at next year's Super-Spike Saturday!

Sincerely,

Micheline Gagné
