Subject: The purpose of the subject application is to rezone the subject property from an "R1-20" Residential category to an " R1-4" Single Family Residentail category to permit the creation of an immediate additional lot fronting onto John Bruce Road and at least several future lots along Tascona Road when and if that street r.o.w. is constructed.

Location: 974 John Bruce Road
Legal Description: Lot 15, Plan 12000

Applicant: Chahal Holdings Inc.

Owner: Edith M. Morin

Recommendation: Approved with Conditions

Site Description

The property in question has a 110' of frontage and 253' of depth for an overall area of 25,300 sq. ft. An existing residence occupies the west half of the property which is zoned "R1-20" Residential Single Family.

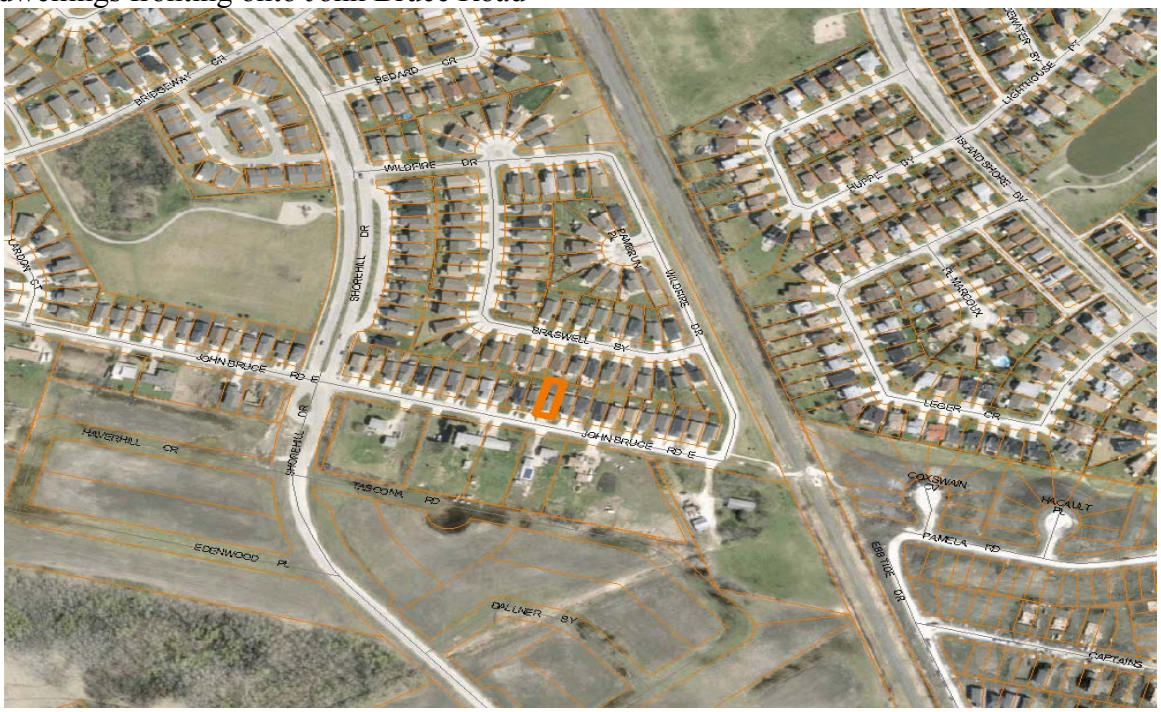

Surrounding Land Use & Zoning :

North :
To the north is an established single family residential subdivision fronting onto John Bruce Road and zoned "R1-4" Residential.

East :
To the east are several single family dwellings occupying the south side of John Bruce Road on large lots similarly zoned "R1-20" Residential. It should be noted that just east of the subject property, John Bruce Road effectively terminates as a street and does not extend east of the existing railway r.o.w.

South :
To the south is a future unopened r.o.w. identified as Tascona Road which is part of the ongoing Royal Wood Phase II housing development. Those immediate adjoining lands are zoned "R1-20" Residential and are currently vacant.

West:
To the west as far as Shorehill Drive are several large single family lots occupied by several dwellings fronting onto John Bruce Road

Description of the Proposed Development

The applicants had originally planned on demolishing the existing dwelling in order to create four new lots , two of which would front onto John Bruce Road with the remaining two rearage fronting onto the future Tascona Road. The proposed zoning would allow for a single 40' wide lot, and a 60' wide lot along John Bruce Road with the two rearage lots having frontages of 50'. Because the two proposed rearage lots would be effectively landlocked and not developable in the immediate future, the applicants have modified their proposal to the extent that only two lots are to be created. As previously outlined, the existing dwelling will be demolished and replaced by a 60' by 133' parcel (lot 1)for redevelopment purposes. The remaining property will have 40' of frontage along John Bruce Road and 100' of frontage along the future Tascona r.o.w. Eventually, when the adjoining Ladco lands to the south develop, proposed Lot 2 could be further subdivided into an additional two single family lots.

Plan Winnipeg:

The subject land lies within the Neighbourhood Policy Area which allows for single family development proposals.

Analysis

The Planning and Land Use Division supports the proposal for several reasons. First of all, the proposed lot sizes are very much in character with existing and proposed new subdivisions in Royal Wood Phase I and Phase II as well as along John Bruce Road from Wildfire Road in the east to Wilmington Drive in the west. Secondly, the creation of new infill housing at a reasonable density is consistent with Plan Winnipeg Policy .

Recommendation

The Planning and Land Use Division recommend approval for the following reasons:

- The proposed zoning is consistant with adjoining land uses and in compliance with Plan Winnipeg Policy to create new infill housing.

Recommended Conditions of Approval

I. That the plan of subdivision proposed under File No. DASZ 44/2006 be approved for preparation as a plan of subdivision by a Manitoba Land Surveyor in accordance with Schedule "A" for File No. DASZ 44/2006, attached hereto and dated November 29/2006, for registration in the Winnipeg Land Titles Office.

II. That the Director of Planning, Property and Development be authorized to certify any documents in connection therewith.

III That The Winnipeg Zoning By-Law No. 6400/94 be amended by rezoning the subject land as shown on Schedule "A" for File No. DASZ 44/2006, attached hereto and dated November 29/2006, to an "R1-4" Residential District.

IV. That a ten (10) percent dedication be made by a payment of a sum of money to the City in lieu of the requirement for land dedication based on the increase in market value of the land and the creation of additional sites, (if applicable).

V. That, in the event the application is not proceeded with expeditiously and the by-law is not enacted within twenty-four (24) months after adoption of the report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of this twenty-four (24) month period and the extension is subsequently approved by Council.

VI. That the City Solicitor/Manager of Legal Services be requested to prepare the necessary by-law in accordance with the above.

VII. That the zoning section of the by-law shall come into force and effect when the Plan of Subdivision has been registered in the Winnipeg Land Titles Office.

VIII. The Plan of Subdivision shall be approved and signed by the Director of Planning, Property and Development within two (2) years of the date of passage of the aforementioned by-law.

IX. In the event that the necessary City of Winnipeg mylar approval signatures have not been secured within twenty-four (24) months after adoption of the by-law, the matter shall be deemed to be concluded and shall not be proceeded with unless Council extends that time.

X. That the City Solicitor/Manager of Legal Services be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.
