## Planning, Property and Development Department Report

**To the Lord Selkirk-West Kildonan Community Committee**

---

**Date:** December 1, 2006
**File:** DAZ 214/06
**Related Files:** DAV 157847-06/D
**Subject:** To amend By-Law No. 6400/94 by rezoning the land shown below from a "C1.5" Commercial District to a "RM-5" Multiple-Family District to allow for the establishment of one additional dwelling unit in an existing multiple family dwelling

**Location:** 202 St. Anthony Avenue

**Applicant:** B&M Land (John Thorvaldson)
**Owner:** 2143518 Manitoba Ltd.

**Recommendation:** Approval

**Site Description**
The subject property, which is currently zoned "C1.5" Commercial, is located at the southwest corner of St. Anthony Avenue and Main Street in the Jefferson neighbourhood of the Mynarski ward.

**North:** Multiple-family residences zoned "RM-3" Multiple-family Residential
**South:** Vacant commercial land zoned "C1.5" Commercial
**East:** Main Street, then commercial uses zoned "C1.5" Commercial
**West:** Single-family residences zoned "R1-3" Residential

**Description of the Proposed Development**
The applicant, who recently purchased the subject building and has subsequently made substantial upgrades to the property, wishes to convert the boiler room, which is no longer needed for building operations, into an additional suite.

By virtue of the fact that the property is currently zoned "C1.5" Commercial, a rezoning to a multiple-family residential zoning district is required in order to add the additional suite.

**Analysis**

As previously mentioned, the applicant has made substantial upgrades to the subject building over the past year including removal of the boiler, which is no longer needed for building operations. In light of this, space is available for an additional suite.

*Plan Winnipeg Compliance*
The subject application constitutes development within a Neighbourhood Policy Area. Neighbourhood Policy Areas are intended to include a residential mix together with a variety of educational, recreational, institutional, commercial and possibly industrial uses, at a scale and density compatible with each other.

*Compatibility with existing neighbourhood and surrounding uses*
The subject apartment building has existed for some time and the addition of one suite will not have an appreciable impact on adjacent properties.

*Basement Suites*
The dwelling unit being proposed is in the basement. Typically, units in the basement are not desirable because of less natural light and air circulation. However, the Planning and Land Use Division has inspected the basement suite and verifies that the suite, which is slightly above grade, has windows and receives a generous amount of natural light and air. In addition, there are currently several other suites in the basement.

**Recommendation**

The Planning and Land Use Division recommend approval for the following reasons:

- **The proposed rezoning and site design are compatible with the surrounding community in scale, the intensity of development, and the nature of the use;**
- **The proposed rezoning will not create an adverse effect on the amenities, use, safety and convenience of the adjoining properties and adjacent area;**
- **The size of the suites is adequate and the proposed density will not result in overcrowding or over densification of the site.**

**Recommended Conditions of Approval**

I. That The Winnipeg Zoning By-law 6400/94 be amended by rezoning the subject land as shown on Schedule "A", for file DAZ 214/06, attached hereto and dated December 1, 2006, to an "RM-5" Multiple-Family District, subject to the following:

A. That the applicant enter into a zoning agreement with the City of Winnipeg pursuant to Subsection 240(1) of The City of Winnipeg Charter, to provide for the following:

1. That the building height shall not exceed 45 feet
2. That the number of dwelling units shall not exceed 24

II. That a ten (10) per cent dedication be made by a payment of a sum of money to the City in lieu of the requirement for land dedication based on the increase in the market value of the land.

III. That, in the event the application is not proceeded with expeditiously and the by-law is not enacted within twenty-four (24) months after adoption of the report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of this twenty-four (24) month period and the extension is subsequently approved by Council.

IV. That the City Solicitor/Manager of Legal Services be requested to prepare the necessary rezoning by-law and forward same to Council for all three (3) readings.

V. That the rezoning by-law shall come into effect when the Zoning Agreement has been registered by caveat against the subject land at the Winnipeg Land Titles Office, provided that the said effective date occurs within twenty-four (24) months from the date that the said rezoning by-law is adopted by Council.

VI. That the Proper Officers of the City are hereby authorized to execute said Zoning Agreement.

VII. That the City Solicitor/Manager of Legal Services be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.
