Location:	1780 Taylor Avenue
Legal Description:	Lot 1 Plan 38325 WLTO in RL 59 and 60 Parish of St. Boniface; Block 16 Plan 1538 WLTO in RL 60 and 61 Parish of St. Boniface; Parcel 1: all those portions of river lots 58 and 59 Parish of St. Boniface taken for right-of-way of the Canadian Northern Railway Plan 2722 WLTO excepting thereout: firstly – public lane Plan 17166 WLTO, secondly – all mines and minerals as reserved by virtue of The Railway Act, RSC Cap R58; Parcel 2: Parcel A Plan 40316 WLTO in RL 59 Parish of St. Boniface excepting thereout all mines and minerals as reserved by virtue of The Railway Act.

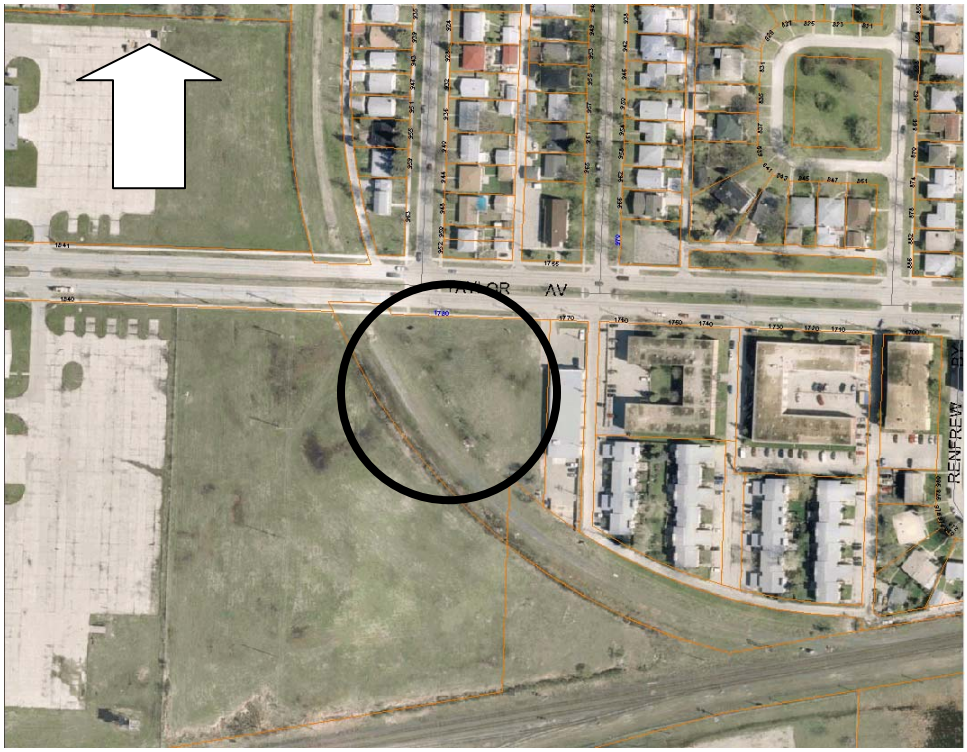

Applicant: Pollock & Wright (Jim Watling)
Owner: 3177751 Manitoba Ltd; Canadian National Railway

Recommendation: Approved with conditions

Site Description

The subject site is located along the south side of Taylor Avenue, south west of Beaverbrook Street. The vacant, approximately two-acre site consolidates a "C2" Commercial District lot (rezoned under DAZ 238/98) and a portion of the former CNR Oak Point railway line, zoned "A.5" Agricultural District (the west side) and "RM-3" Multiple-Family District (the east side). To the west are Department of National Defence lands (zoned "A.5"); to the south is the CNR Main Line; to the east is a commercial building (zoned "C2"); to the north are single-family dwellings (across Taylor Avenue, zoned "R1-4" Single-Family District).

Subject site: aerial photo flown 2005.

Background

In 1999, City Centre Community Committee considered and recommended approval of a rezoning of the majority of the subject site (that portion not forming part of the former railway right-of-way) from "RM-3" Multiple-Family District to "C2" Commercial District under DAZ 238/98, to accommodate an approximately 13, 000 commercial building. A zoning agreement was put into force and effect, restricting use and signage. The vacant portion of this site was later subdivided from the portion developed with the commercial building under DASSF 583/99.

Description of the Proposed Development

The applicant proposes to consolidate the former railway line lands with the currently vacant "C2" Commercial District lot. The parcel plan facilitates dedication of a portion of the former railway line lands for future Taylor Avenue widening (proposed Parcel B) and accommodates Canadian National Railway's ongoing mines and minerals interests (proposed parcels C, D, E, and F). The rezoning accommodates future commercial development.

Analysis

This portion of the Mathers neighbourhood is designated "Neighbourhood" under Plan Winnipeg. This designation accommodates residential, commercial, institutional, and parks & recreation uses. The rezoning and subdivision application is requested in order to consolidate a portion the former CNR Oak Point railway line (from the CNR Mainline to Taylor Avenue) with the vacant "C2"-zoned property fronting Taylor Avenue. This consolidation and rezoning was foreseen when the balance of the property was rezoned to "C2" under DAZ 238/98.

Consolidation of these properties under one title simplifies development and accommodates a broader range of site development.

Recommendation
Planning and Land Use Division recommends approval for the following reasons:

- The proposal is consistent with *Plan Winnipeg*;
- The proposal was foreseen when the balance of the property was rezoned in 1999; and
- The proposal has no substantive impacts on neighbouring properties or on the surrounding area.
- The proposal is considerate of its neighbours and provides additional housing choice in a desirable, older neighbourhood; and
