Hi Councillor Leipsic / Therese;

In the fall of last year Councillor Benham had moved $11,000 for a proposed "warm-up shack" at Queenston School for the pleasure rink we install for the parent council at that site. After investigating the feasibility of this project, it was decided that, logistically, this was not doable. My technician, Drew Williams has been in contact with a representative of the parent council and they are fine with this decision.

I would suggest that this money be put back into the Land Dedication fund….Tom: Does there have to be a motion from the Community Committee to return these monies back into the fund or can this be done "informally"?

I've attached a copy of the November Land Dedication Report for your reference. You'll see this transaction dated Sept. 21.
