Recommendation: *Approved with conditions*

Site Description

The subject site is located along the east side of McGee Street, north of the public lane that parallels Portage Avenue. The property is developed with an L-shaped, 2-storey commercial building. Accessory parking areas are accessed via McGee Street and the public lane. The site is zoned "R2-T" Two-Family Transitional District. To the north, west (across McGee Street), and east (across the public lane) are low-density residential dwellings (zoned "R2-T" and "RM-4" Multiple-Family District). To the south west (across McGee Street) and south (across the public lane are commercial properties (zoned "C2" Commercial District).

Subject site: aerial photo flown 2005.

Description of the Proposed Development

The applicant proposes to consolidate two full lots and three partial lots into a single lot and to rezone the subject site in order to accommodate a broader range of commercial uses. The existing building is to be retained, with no imminent expansion or site redevelopment. Under DAV 06-160578/D, the applicant seeks relief from the required front, side, and rear yard

setbacks and opportunity to establish an office use under a 5-year use variance (prior to the rezoning coming into force and effect).

Analysis

This portion of the St. Matthews neighbourhood is designated "Neighbourhood" under *Plan Winnipeg*. This designation accommodates residential, commercial, institutional, and parks & recreation uses. The rezoning and subdivision application is requested in order to consolidate contiguous lots and rationalize site zoning. The site has been developed and utilized as a commercial property for many years (including former warehouse, hair salon, vocational school, and daycare) despite its residential zoning. Immediate use of the property is expected to be primarily office. The rezoning to "C2" Commercial District will enable office and other commercial leasing of the property.

Recommendation

Planning & Land Use Division recommends the subject site be rezoned to "C2" Commercial District for a number of related reasons, principally:

- existing commercial building and history of commercial use of this property;
- proposed commercial zoning district accommodates appropriate range of commercial uses; and
- the proposed commercial zoning district will have no appreciable impacts on neighbouring properties.

Recommended Conditions of Approval

I. That the plan of subdivision proposed under File No. DASZ 47/06 be approved for preparation as a plan of subdivision by a Manitoba Land Surveyor in accordance with Schedule "A" for File No. DASZ 47/06, attached hereto and dated January 22, 2007, for registration in the Winnipeg Land Titles Office.

II. That the Director of Planning, Property and Development be authorized to certify any documents in connection therewith.

IV. That a ten (10) percent dedication be made by a payment of a sum of money to the City in lieu of the requirement for land dedication based on the increase in market value of the land and the creation of additional sites (if applicable).

V. That, in the event the application is not proceeded with expeditiously and the by-law is not enacted within twenty-four (24) months after adoption of the report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of this twenty-four (24) month period and the extension is subsequently approved by Council.

VI. That the City Solicitor/Manager of Legal Services be requested to prepare the necessary by-law in accordance with the above.

That the zoning section of the by-law shall come into force and effect when the Plan of Subdivision has been registered in the Winnipeg Land Titles Office provided that the said effective date occurs within twenty-four (24) months from the date that the said rezoning by-law is adopted by Council.

VIII. That the subdivision section of the by-law shall come into force and effect upon registration of the plan in the Winnipeg Land Titles Office.

IX. The Plan of Subdivision shall be approved and signed by the Director of Planning, Property and Development within two (2) years of the date of passage of the aforementioned by-law.

X. In the event that the necessary City of Winnipeg mylar approval signatures have not been secured within twenty-four (24) months after adoption of the by-law, the matter shall be deemed to be concluded and shall not be proceeded with unless Council extends that time.
