Subject : To amend By-Law No. 6400/94 by rezoning the land shown below from an "RM-5" Residential District to a "C2" Commercial District

Location: **Pembina Highway (SW corner of Pembina Highway and Grandmont Blvd.)**

Legal Description: **Lot 1, Plan 45196**

Applicant: **XHALE Corporation Inc.**

Owner: **2468027 Manitoba Ltd.**

Recommendation: *Approved, with conditions*

Site Description:

The subject property is approximately 4 acres and is situated at the southwest corner of Grandmont Boulevard and Pembina Highway. The land is zoned "RM-5" Residential District and is currently vacant. It is in the St. Norbert neighbourhood of the St. Norbert ward. This parcel of land was recently rezoned from "A" Agricultural District to "RM-5" Residential District, the current zoning.

Figure 1: Aerial Photo of subject site (flown, 2005)

West: To the immediate west of the site is the C.N.R. rail line then primarily single-family dwellings zoned "R1-4" Residential District.

South: To the south of the site is a mix of commercial and residential uses, zoned "A.5" Agricultural District.

East: East of the site is Pembina Highway then a mix of uses, zoned "A.5" Agricultural District and "R1-20" Residential District immediately adjacent to the Red River.

North: North of the site is a commercial use, some vacant land and some multiple-family developments zoned "C2" Commercial and "RM-3" Residential District.

Description of the Proposed Development

The applicant is proposing to rezone the property from an "RM-5" Residential District to a "C2" District in order to accommodate a fuel kiosk, convenience store and car wash use. The site is currently vacant. Site plans indicate that the proposed use will be located on the front half of the site. No plans have been submitted at this time for the west half of the site, but submitted site plans indicate the area will be sodded.

One access point will be located on Grandmont Boulevard with an additional entrance/exit from Pembina Highway. A 10 pump gas bar will be situated on the front (Pembina) portion of the site, with the convenience store to the north and a two bay car wash to the south of the convenience store.

The proposed site plan respects the 40-foot special front yard requirement for this portion of Pembina Highway.

Analysis

Plan Winnipeg Compliance**:**
The subject parcel falls within a designated Neighbourhood Policy Area under *Plan Winnipeg 2020*, which allows for a variety of residential, commercial, institutional, and mixed uses; thus, the proposed rezoning is in conformance with *Plan Winnipeg 2020*.

The Planning and Land Use Division supports the rezoning of the subject property for commercial development. The site is located between a heavy traffic route and a rail line. It is anticipated that the existing rail line should buffer the impact of commercial development on the residential area to the west. Commercial development at the subject corner is compatible with the surrounding area and is consistent with the type of development along Pembina Highway, a primarily commercial corridor.

This portion of Pembina Highway is subject to a special front yard of 40-feet. This portion of Pembina Highway is also an "Image Route". Image Routes are primary transportation corridors leading from the outer limits of the City directly to the downtown. It is recommended that significant landscaping be installed along the Pembina Highway portion of the proposed development, specifically at the corner of Pembina Highway and Grandmont Boulevard. Landscaping should include appropriate fencing and vegetation.

Recommendation

The Planning and Land Use Division recommend approval for the following reasons:

- The proposed use does not appear to have a substantial adverse impact on adjacent properties.
- Provided that the suggested landscaping is installed, the development will be compatible with the area.
- The proposed development complies with Plan Winnipeg and its policies.

Recommended Conditions of Approval

I. That The Winnipeg Zoning By-law 6400/94 be amended by rezoning the subject land as shown on Schedule "A", for file DAZ 250/06, attached hereto and dated February 2, 2007 to a "C2" Commercial District, subject to the following:

   A. That the applicant enter into a zoning agreement with the City of Winnipeg pursuant to Subsection 240(1) of The City of Winnipeg Charter, to provide for the following:

1. That final plans showing the location and details of parking areas, building profiles, signage, lighting, garbage enclosures, landscaping and fencing shall be submitted to the Planning, Property & Development Department and Riel Community Committee for approval prior to the issuing of any development or building permits; and thereafter that the property be maintained to the satisfaction of the Director of Planning, Property and Development

II. That a ten (10) per cent dedication be made by a payment of a sum of money to the City in lieu of the requirement for land dedication based on the increase in the market value of the land, if applicable.

III. That, in the event the application is not proceeded with expeditiously and the by-law is not enacted within twenty-four (24) months after adoption of the report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of this twenty-four (24) month period and the extension is subsequently approved by Council.

IV. That the City Solicitor/Manager of Legal Services be requested to prepare the necessary rezoning by-law and forward same to Council for all three (3) readings.

V. That the rezoning by-law shall come into effect when the Zoning Agreement has been registered by caveat against the subject land at the Winnipeg Land Titles Office, provided that the said effective date occurs within twenty-four (24) months from the date that the said rezoning by-law is adopted by Council.

VI. That the Proper Officers of the City are hereby authorized to execute said Zoning Agreement.

VII. That the City Solicitor/Manager of Legal Services be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.
