Winnipeg

Planning, Property and Development Department Report

To the East Kildonan - Transcona Community Committee

Date: **May 30, 2006**
File: **DASZ 17/06**
Subject: **Rezone and consolidate the surplus City property with the adjacent residential lot.**

Location: **145 Emerson Avenue**

Applicant: **Geoffrey Natyna, 145 Emerson Ave**
Owner: **City of Winnipeg**

Recommendation: **Approve**
Report Summary:

- The applicant is proposing to consolidate the closed public lane with the abutting residential property.
- The lane was never paved and served no apparent public purpose.

- The applicant has been using the City land and paying an encroachment fee.
- The applicant intends to demolish the existing garage and build a double garage on the site.

Site Description

The subject property currently zoned commercial is **16.0 feet by 122 feet** located between 2151 and 2157 Henderson Hwy, and 145 Emerson Avenue in the River East neighbourhood of the North Kildonan Ward. The site is zoned "C1" and "C2" Commercial District. Adjacent properties include residential dwellings to the north zoned "R1-5.5" Residential Districts.

Background

The public lane adjacent to 145 Emerson Avenue was created in 1912 by the subdivision of the adjoining lands. The lane is unpaved and serves no apparent public purpose.
In 1987, the East Kildonan-Transcona Community Committee approved DAC 20/87, an application to close all of the public lanes between Emerson and Glenway Avenues. The application was later reduced to the northerly portion of the lane, which was eventually incorporated into the property at 214 Glenway, leaving the balance of the lane open.
In April of 2005, the Planning, Property and Development Department received a request from Mr. Geoffrey Natyna, the owner of 145 Emerson Avenue, to purchase the balance of the public lane.

At the June 14, 2005 meeting of the East Kildonan-Transcona Community Committee, the Public Lane was legally closed. There was no opposition at this Public Hearing.

Description of the Proposed Development

The applicant wishes to purchase the portion of the closed public lane. He is currently paying an annual fee for the encroachment of his garage into the lane. He intends to demolish the existing garage and build a double garage on the site, should his application to purchase the land be successful.

Analysis

PLAN WINNIPEG
The proposed concept complies with Plan Winnipeg in that a residential rezoning is allowed in Neighbourhood Policy Areas.

ZONING
- The **"R1-5.5" Single Family Residential District** requires a minimum lot size of 5,500 square feet and a minimum lot width of 50 feet. A side yard of 5 feet is required.

TRANSPORTATION AND SITE ACCESS
The proposal to close the lane had been considered by all affected City departments and public utilities. There were no administrative objections to the closing.

SITE PLAN
The applicant has submitted a plan illustrating the proposed new lot width. The residential lot will be increased from 61.75 to **77.75 feet**. The applicant intends to construct the new garage in the northwest corner of the lot.

COMPATIBILITY WITH SURROUNDING USES
The adjacent property at 2157 Henderson Hwy has been zoned commercial and vacant for years. The East Kildonan – Transcona Community Committee recently approved for this property a site and building plan for a one story building located approximately **20 feet** from the front property line and **22 feet** from the south property line. The parking area for **6 parking stalls** will be located behind the building in the rear yard. A privacy fence will be constructed along a portion of the south, and north property lines; and along the entire west property line, limiting access to the City of Winnipeg owned property subject to this rezoning. A building permit for this commercial development was issued on March 27, 2006. The lane is unpaved and serves no apparent public purpose.

Recommendation

The Planning and Land-Use Division supports rezoning the closed public lane to "R1-5.5". The lane is unpaved and serves no apparent public purpose.

Recommended Conditions of Approval

1. That the plan of subdivision proposed under File No. **DASZ 17/06** be approved for preparation as a plan of subdivision by a Manitoba Land Surveyor in accordance with Schedule "A" for File No. **DASZ 17/06,** attached hereto and dated **May 30, 2006**, for registration in the Winnipeg Land Titles Office.

4. That, in the event the application is not proceeded with expeditiously and the by-law is not enacted within twenty-four (24) months after adoption of the report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an
