Report

REASON FOR THE REPORT:

Approval is required to enter into agreements with other levels of government or outside agencies.

HISTORY:

On July 6, 1997, the City of Winnipeg and the Winnipeg Airports Authority Inc. (W.A.A.) entered into the principal agreement for the Winnipeg Police Service to provide contract policing at the Winnipeg James Armstrong Richardson International Airport. The original agreement required a complement of one Sergeant, four Patrol Sergeants and 11 Constables to provide 24/7 policing.

Because the City of Winnipeg and the Winnipeg Airports Authority Inc. were satisfied with the agreement and desirous to extend the contract for a further three years, a supplemental agreement was established for the period of July 1, 2002 to June 30, 2005. Through recommendation in the agreement and concurrence by the Standing Policy Committee on Protection and Community Services, an additional Constable was assigned to policing at the Winnipeg James Armstrong Richardson International Airport. Therefore, the number of members required to provide services 24/7 was established at a maximum complement of 17, including supervisors. At this time of contract renewal, these numbers remain unchanged.

DISCUSSION:

The W.A.A. has agreed to compensate the City of Winnipeg $5,334,750.00 plus GST for salaries and benefits for the term of July 1, 2005 to June 30, 2008. This amount includes an annual administrative fee of 9%. The salaries and benefits are based on the year 2006 salary schedules and the amount shall be adjusted, including retroactively, for any changes in the relevant Collective Bargaining Agreement between the City of Winnipeg and the Winnipeg Police Association.

In addition to the base contract amount, the W.A.A. has agreed to provide call out pay for police personnel in order to maintain the above-mentioned minimum complement, as well as overtime pay at the applicable rates contained in the Collective Bargaining Agreement between the City of Winnipeg and the Winnipeg Police Association.

The W.A.A. has negotiated to retain the services of a qualified and trained explosive detection dog and handler, available to attend to the site 24/7 within one hour of notice, as previously stated in the contract established for July 1, 2002 to June 30, 2005. The explosive detection dog must have the capability to detect a number of different types of explosives. The Winnipeg Police Service is to ensure the handler and the dog conform to the WPS Training Standards, receive annual explosive detection dog training/verification and spend a minimum of four hours per week training at the site.

As stated in the Professional Services Contract, the W.A.A. agrees to pay for:

- the explosive detection dog annual verification
- up to 1/3 of the cost to purchase a new vehicle (maximum $15,000) appropriately marked for use on an airport runway and equipped with appropriate radio equipment, to be utilized by the explosive detection dog team
- up to $102,755.00 for any standby pay associated with the dog team, to be billed quarterly

The W.A.A. has agreed to provide and maintain furniture and equipment to accommodate members of the WPS, with the stipulation that prior to June 15th annually the parties will meet to determine the extent of upgrade or replacement necessary in the office area.

There are no additional costs to the City of Winnipeg by accepting the Professional Services Contract for policing the Winnipeg James Armstrong Richardson International Airport.
