556 - Exhibit "A" referred to in Clause 7 of the Report of the Committee on Finance and Administration dated March 3, 1997

Proposal to Declare City-owned Riverbank Property Situated Adjacent to 170 Victoria Crescent, and Two Right-of-Ways and Vacant Strip of Land Situated Off Victoria Crescent as Surplus to Parks and Recreation Department Requirements

File FI-2.4(35) (Vol. 3)

3. The Committee on Protection, Parks and Culture has been advised that on May 6, 1996, the Land and Development Services Department inquired as to whether the Parks and Recreation Department wished to continue leasing the property situated between 170 and 178 Victoria Crescent, as identified on Plan No. 23-96.

On September 6, 1996, the Water and Waste Department informed the Parks and Recreation Department of flood protection and land drainage issues effecting the developability of the parks property between 170 and 178 Victoria Crescent.

During the period between May and December, 1996, the Parks and Recreation Department has consulted with representatives from the Land and Development Services Department and the Water and Waste Department, as well as the local area Councillor, regarding developability and disposal of the property.

With respect to the need for the subject Victoria Crescent riverbank property, the two right-of-ways and the vacant strip of land, the properties are currently undeveloped and exist in a natural state with shrubbery and some trees which are primarily located in proximity to water's edge. The property located between 170 and 178 Victoria Crescent was previously leased to the owner of 178 Victoria Crescent.

The properties are presently located within the planning boundaries of the proposed future St. Vital Riverbank Parkway as shown on Plan No. 6-94. The St. Vital Parkway extends from Lyndale Drive to Bishop Grandin Boulevard along the east bank of the Red River.

Victoria Crescent, being a quiet attractive residential street, will be utilized as a lineal parkway connector between Harris Park and River Road for the future parkway. Given the character of private property ownership of lands situated between Victoria Crescent and the Red River, it is highly unlikely that acquisition of the remaining adjacent private residential properties along the Crescent could be achieved within the next half century. Therefore, it is the view of the Parks and Recreation Department that the subject properties are not required for future lineal riverbank linkage purposes.

In addition to reviewing the need for lineal riverbank parkway purposes, the Parks and Recreation Department also considered the need for retaining the property for community-local-neighbourhood access to the river. Currently, local area residents have the opportunity for accessing the river at several other locations within the community including Harris Park and St. Vital Park and in the future at the former Winnipeg Canoe Club Golf Course. As a result, the Parks and Recreation Department is satisfied that the Community is provided with sufficient existing and potential opportunities for direct public riverbank access, and therefore the subject properties are considered redundant to needs.

As such, the Parks and Recreation Department has no objection to the sale of the land given the character of adjacent development of lands situated along Victoria Crescent and that the Crescent is going to be used to provide a lineal connection for the St. Vital Parkway.

As at December 1996, the Parks and Recreation Department has not been able to obtain a preliminary estimate of value for the subject property given that certain issues such as flood protection, as outlined in a memorandum dated September 6, 1996, from the Water and Waste Department, must be researched prior to determining a value. Notwithstanding same, a riverbank property with a 150 foot frontage and 240 feet in depth on Victoria Crescent will likely have considerable value. As well, additional research is required into the existing right of ways and vacant strip of land to ensure that no underground structures or other improvements are located within same prior to disposing of the properties to the adjacent owners.

Exhibit "A" referred to in Clause 7 of the Report of the Committee on Finance and Administration dated March 3, 1997 (continued)

With respect to the Riverbank Land Acquisition Account, the Five Year Capital Budget, and the Winnipeg Development Agreement, during 1996, the Parks and Recreation Department in conjunction with the Land and Development Services Department, disposed of approximately $6.5 million dollars of property under the jurisdiction of the Department. The funds from the sale of the properties was credited to the City's General Revenue Account in order to reduce the potential budget shortfall in 1996.

Recently, the Parks and Recreation Department has been informed that the budget allocations to the Land Acquisition for Riverbank Purposes Account for 1997 and 1998 are deleted as part of the proposed Five Year Capital Program. As such, funding for acquisitions to complete land assembly for the North Winnipeg, Assiniboine, Churchill and St. Boniface Parkways, as well as other opportunities to purchase riverbank properties as they become available, will have no source of funding.

Given that assembly of properties is approximately 95% complete for each of the aforementioned riverbank parkways and that funding, in part, to develop each of the parkways is likely to become available from the Winnipeg Development Agreement under the Riverbank Program, the Parks and Recreation Department is highly supportive of directing the sale proceeds of this property to the Land Acquisition for Riverbank Purposes Account to provide funding to further the assembly of required riverbank properties.

On February 3, 1997, the Committee on Finance and Administration considered report dated January 16, 1997, from the Chief Commissioner and the Commissioner of Protection, Parks and Culture, in this connection, and concurred in the recommendations contained therein. The Committee on Finance and Administration recommended the addition of one further condition, namely, that the residents of Victoria Crescent be informed of the City's intention to offer the property for sale.

Pursuant to Section 156(2) of The City of Winnipeg Act, the sale of City property designated or acquired for parks purposes requires the approval of at least two-thirds majority of Council.

The Committee on Protection, Parks and Culture therefore recommends:

I. That the properties as shown on Plan No. 23-96 under the jurisdiction of the Parks and Recreation Department be declared as surplus.

Copies of Plan Nos. 6-94 and 23-96 are on file in the Office of the City Clerk.

AMENDED AND ADOPTED
BY COUNCIL
- February 26, 1997

Note: *On February 26, 1997, Council referred recommendations II to VI inclusive to the Committee on Finance and Administration.*

II. That the Director of Land and Development Services be authorized to dispose of the property situated between 170 and 178 Victoria Crescent for residential development purposes provided that the adjacent owners be given first right of refusal.

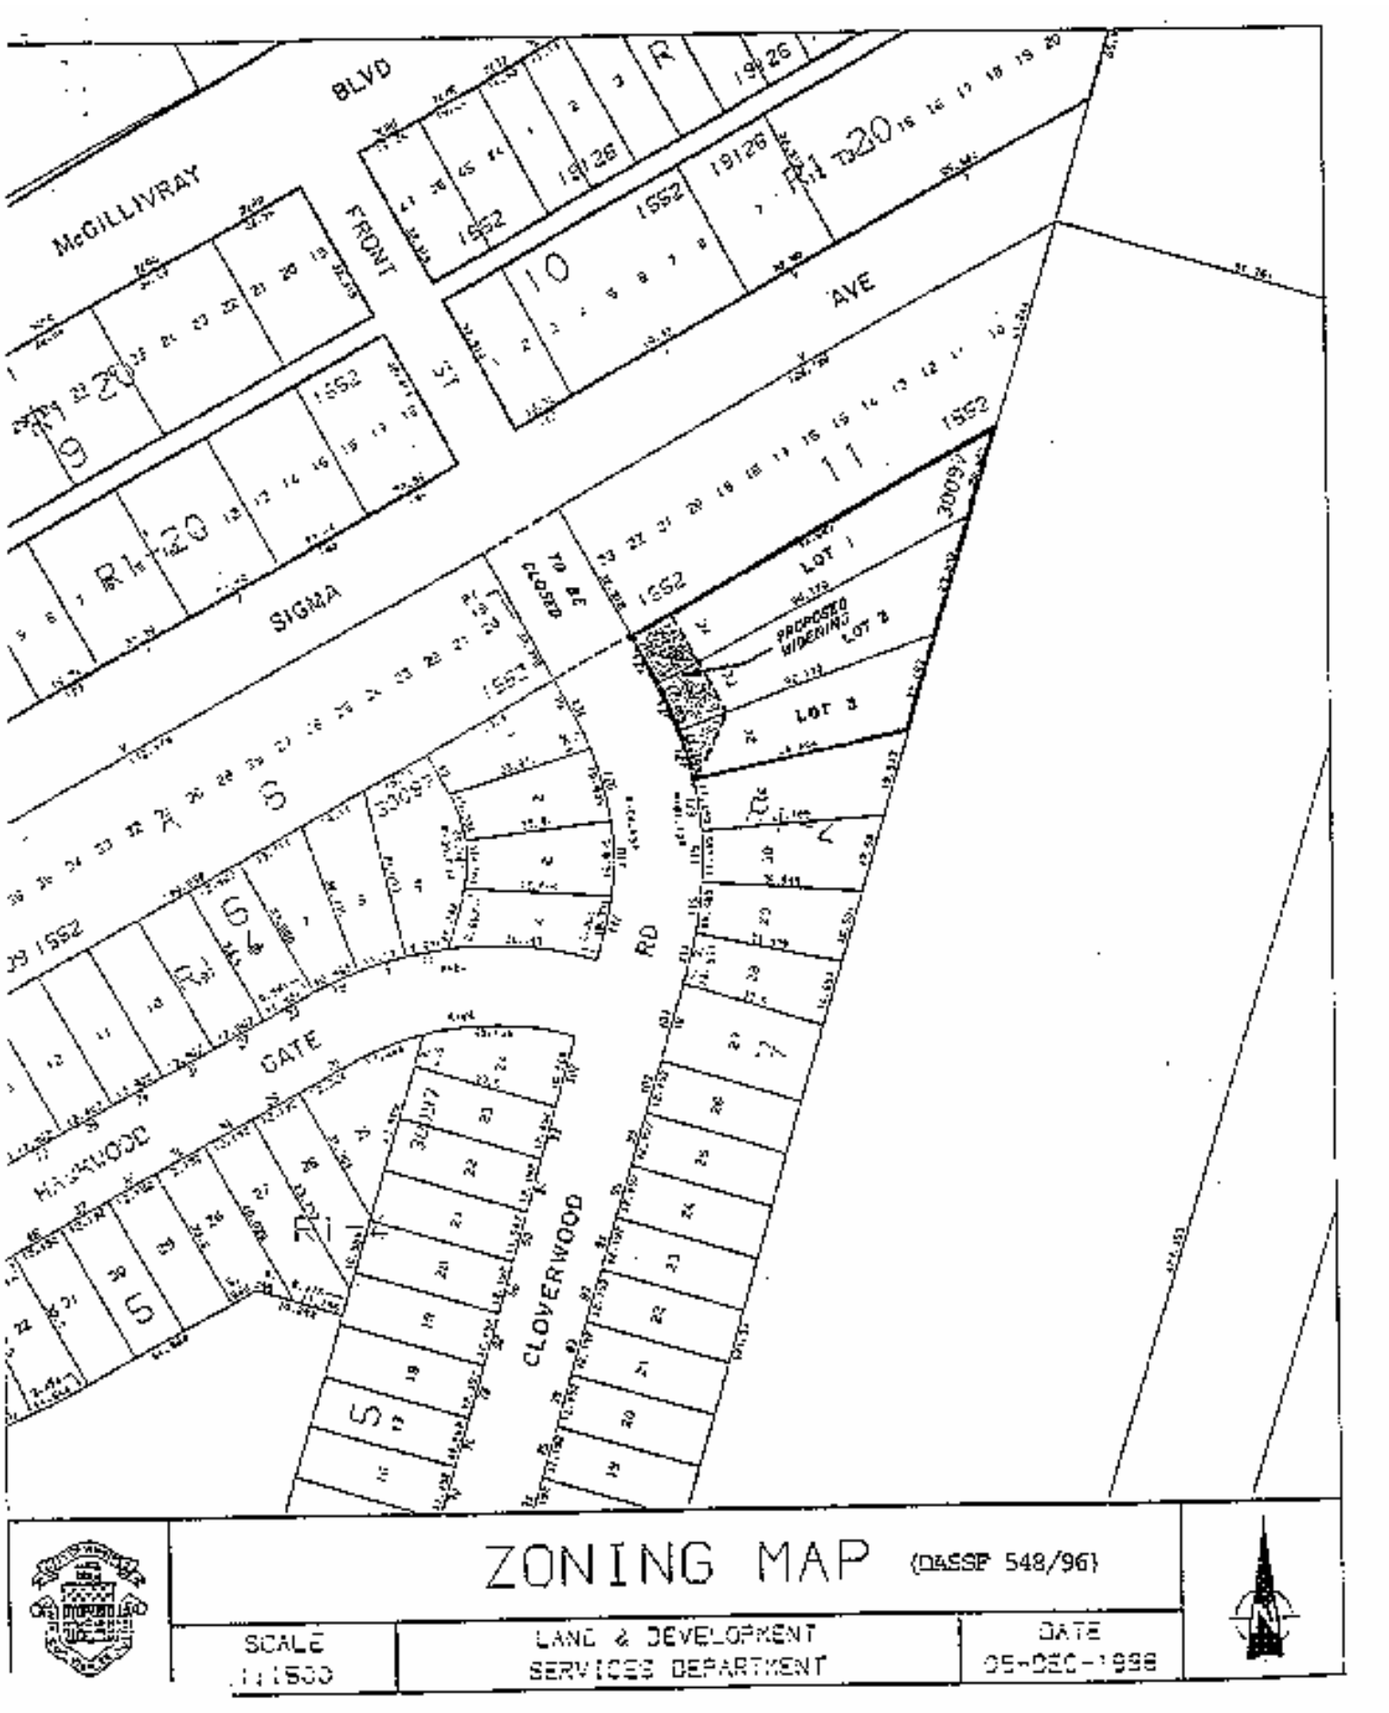

III. That the Director of Land and Development Services in conjunction with the Director of Water and Waste be requested to determine whether the two right-of-ways and the vacant strip of property extending from Victoria Crescent and Victoria Row to the Red River should be disposed of, and if so, that the properties be offered for sale to the adjacent property owners.

IV. That the net proceeds from the sale of the properties be credited to the Land Acquisition for Riverbank Purposes Account in order to provide capital funding for riverbank property acquisitions.

V. That the residents of Victoria Crescent be informed of the City's intention to offer the property for sale.

VI. That the Proper Officers of the City be authorized to do all things necessary to implement the foregoing, including the execution of any documents related thereto.

SECTION 17. MAINTENANCE AND INDEMNITIES

The Developer hereby further covenants, warrants, undertakes and agrees:

a) Subject to any other provision of this Agreement, or the Schedules attached thereto, all municipal services, works or improvements installed by the Developer pursuant to the terms of this Agreement will be maintained in good operating condition for a period of at least one year from the date shown in the relevant completion certificates issued as provided in Schedule "C" with exception of sodding which the developer agrees to maintain at its own expense for a period of two years from the date of sodding and the exception of tree planting which the Developer agrees to maintain for 2 full growing seasons or until occupancy of any buildings is taken by the purchaser, as more specifically provided hereinbefore, and any bond or letter of credit posted by the Developer shall provide for all such guarantees and warranties of maintenance.

SCHEDULE "E" BOULEVARD SODDING SPECIFICATIONS

4. Maintenance of Sodded Area

The Contractor shall be responsible for the maintenance of the sodded areas for a period of two years after the recognized completion date. Maintenance shall be understood to include all necessary watering, mowing and cleaning. At the end of this period, each sodded area must show signs of grass growth satisfactory to the Engineer or it shall be replaced by and at the expense of the Contractor, to the satisfaction of the Engineer.

AG 58/85 - WHYTE RIDGE RESIDENTIAL DEVELOPMENTS LTD.

SECTION 17. MAINTENANCE AND INDEMNITIES

The Developer hereby further covenants, warrants, undertakes and agrees:

a) Subject to any other provision of this Agreement, or the Schedules attached thereto, all municipal services, works or improvements installed by the Developer pursuant to the terms of this Agreement will be maintained in good operating condition for a period of one year from the date shown in the relevant completion certificates issued as provided in Schedule "C" with exception of sodding which the Developer agrees to maintain at its own expense for a period of two years from the date of sodding or until third party occupancy of a relevant house in accordance with this Agreement, and any Letter of Credit posted by the Developer shall provide for all such guarantees and warranties of maintenance.

Schedule “A” referred to in Clause 3 of the Report of the Committee on Planning and Community Services dated March 17, 1997 (continued)

SCHEDULE "C" SECTION I

19. Boulevarding and Tree Planting

a) The Developer shall, at no expense to the City, sod and plant trees within the boulevard area along all streets within the Planned Area, including medians, resodding of boulevards necessitated by pavement modifications to existing facilities by the Developer all in accordance with plans and specifications approved by the General Manager of Parks and Recreation. The Developer shall maintain for a period of two years any boulevard sodding and tree planting in accordance with plans and specifications approved by the General Manager of Parks and Recreation;

b) The Developer shall, at no expense to the City, sod all front lane boulevards and maintain the said boulevards at no expense to the City for a period of two years following sodding.

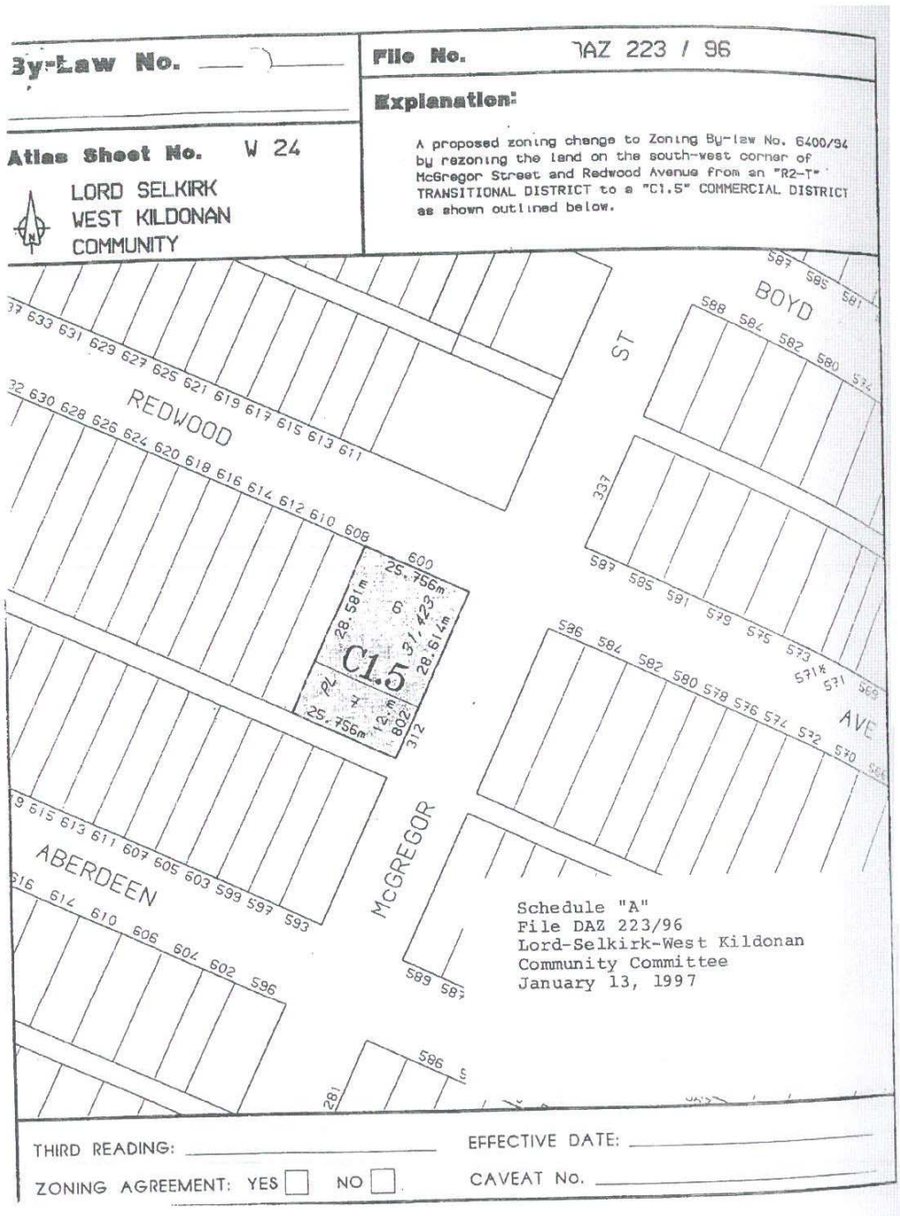

AG 3/89 - WHYTE RIDGE RESIDENTIAL DEVELOPMENTS LTD.

SCHEDULE "C" SPECIAL CLAUSES

18. Boulevards and Trees

b) The Developer shall maintain all boulevard sodding and tree planting for two years from the date of issue of a construction completion certificate or until the house fronting the boulevard is occupied all in accordance with plans and specifications approved by the General Manager of Parks and Recreation.

559 - Schedule “A” referred to in Clause 4 of the Report of the Committee on Planning and Community Services dated March 17, 1997

560 - Schedule “A” referred to in Clause 5 of the Report of the Committee on Planning and Community Services dated March 17, 1997
