RE: DAO 12/2006 – PROPOSED STREET CORNER WIDENING AT THE NORTH EAST CORNER OF YORK AVENUE AND MAIN STREET

FOR SUBMISSION TO: The Executive Policy Committee

ORIGINAL REPORT SIGNED BY: Director, Planning, Property and Development

REPORT DATE: September 6, 2006

RECOMMENDATION(S):

1. **That the City Solicitor be instructed to prepare the necessary by-law for submission to Council to effect the widening in accordance with the attached Misc. Plan No. 12085.**
2. **That the proper officers of the City be authorized to do all things necessary to effect the intent of the foregoing.**

Report Summary

Key Issues:

The property proposed to be opened as a public street is required to accommodate a westbound to northbound right turn cut off island to be constructed in the intersection.

The documents required to effect the dedication of the land as Public Street have been prepared and it is now appropriate to enact the by-law opening the right-of-way.

Report

REASON FOR THE REPORT:

The dedication of this property as a public street requires a by-law pursuant to Section 139 of The City of Winnipeg Charter.

HISTORY:

In October of 2004, the Standing Policy Committee on Public Works directed the Real Estate Division of the Planning, Property and Development Department to initiate negotiations for the acquisition of the land shown as “Proposed Opening Area” on the attached Misc. Plan No. 12085. The terms of the agreement for the purchase of the land were approved by the Standing Policy Committee on Property and Development on June 29, 2005.

The property is required to maintain the minimum distance between the private property to the north and a westbound to northbound right turn cut off island to be constructed in the intersection. Apart from the relocation of the north curb on York Avenue, there will be no construction in the “Proposed Opening Area”.

The documents required to effect the dedication of the land as Public Street have been prepared and it is now appropriate to enact the by-law opening the right-of-way.

DISCUSSION:

Administrative Approval

All affected City departments and public utilities have considered the proposal. There are no administrative objections to the street corner widening.

Submission of Report in accordance with By-Law 7325/98

This report is submitted in accordance with the provisions of By-Law 7325/98, a by-law to amend procedures to allow certain street and lane opening and closing applications to be submitted to the Executive Policy Committee for report to Council without the requirement to be reviewed by a Standing Policy Committee.

The following criteria must be met before the authority given in the by-law may be exercised:

1. The proposed opening and acquisition must have been approved by the Director of Public Works.
2. The proposed opening must have been submitted to all affected City Departments and public utilities with no objections having been received.
3. Any conditions regarding engineering aspects (i.e. relocation of facilities) must have been mutually agreed upon.
4. The affected property owner(s) must have agreed to the terms and conditions of the acquisition of the land required for the proposed opening.
5. The terms and conditions of any agreements concerning the proposed opening and acquisition must have been approved by the Director of the department that requested the opening and either the Standing Committee on Fiscal Issues, the Standing Committee on Property and Development, or the Director of the Planning, Property and Development Department, as is appropriate.

All of these criteria have been met.
