Subject: To amend By-Law No. 6400/94 by rezoning the land shown below from an "R1-4A" Single-Family District to a "C2" Commercial District.

Location: 159 Borebank Street
Legal Description: Lot 28 BL 2 PL 1235, Lot 37 PL 26913

Applicant: Mindy Greenberg
Owner: Peter Adamo & Seema Schachter

Recommendation: *Approved rezoning to "C1" Commercial District*

Site Description

The subject site is located at the north west corner of Borebank Street and Academy Road. It is currently developed with a single-family dwelling, zoned "R1-4A" Single-Family District. Surrounding properties are predominantly single-family, although there's a church to the immediate west (across the public lane) and low-intensity commercial to the south (across Academy), zoned "C2" Commercial District.

Subject site: aerial photo flown 2005.

Description of the Proposed Development
The applicant intends to establish a boutique retail store within the existing single-family building. The building entrance is to be relocated and oriented towards Academy Road. Parking for five vehicles is to be provided with direct access via the public lane.

Analysis
This portion of North River Heights is designated "Neighbourhood" under *Plan Winnipeg*. This designation accommodates a range of residential densities and forms, commercial uses, institutional uses, and parks and recreation uses. The subject site is developed with a single-family dwelling that fronts Borebank Street. The site is unusually wide—approximately 64-foot width instead of the 50-foot wide lots common to this area.

Although there are commercial and institutional uses at the Academy / Borebank intersection, this location is between the two Academy commercial clusters (to the west beginning at Renfrew Street; to the east beginning at Queenston Street). Commercial conversions of residential properties in this context must be carefully selected and designed, in order to discourage future speculative conversions at other locations and to minimize negative impacts on neighbouring properties.

Without a public lane paralleling Academy Road, there's no clear demarcation between residential and commercial properties. City Centre Community Committee should anticipate future requests to establish commercial uses at other locations along Academy Road, as well as proposals to establish low-density multiple-family dwellings. From this perspective, each

proposal to establish a new commercial use at a residential location is ground-breaking and should be considered on its own merits, despite Academy's regional right-of-way status.

The applicant has operated a boutique retail store in the 400-block of Academy Road for many years. Plans indicate the existing dwelling at 159 Borebank Street will be converted to a storefront oriented towards Academy Road to accommodate this boutique. No additions are proposed. Five parking spaces can be provided, with access via the north-south public lane along the rear of the property. This use, the scale of operations proposed, and the site development plans represent a reasonable redevelopment given the immediate context. In order to ensure compatibility of use, scale, and character, Planning & Land Use Division recommends rezoning to "C1" local commercial district instead of the "C2" intensive commercial district requested, along with a Zoning Agreement.

Recommendation

The Planning and Land Use Division recommends the subject site be rezoned to "C1" Local Commercial District for the following reasons:

- The proposed redevelopment of the subject site for low-intensity commercial uses is consistent with *Plan Winnipeg*;
- Adaptive reuse of the existing building and its proposed re-orientation towards Academy Road maintains existing built form and minimizes impacts on adjacent residential properties.

Recommended Conditions of Approval

I. That The Winnipeg Zoning By-law 6400/94 be amended by rezoning the subject land as shown on Schedule "A", for file DAZ 224/06, attached hereto and dated June 27, 2006, to a "C1" Commercial District, subject to the following:

   A. That the applicant enter into a zoning agreement with the City of Winnipeg pursuant to Subsection 240(1) of The City of Winnipeg Charter, to provide for the following:

      1. That the site be developed and maintained in substantial conformity with the plans submitted and identified as Exhibit ___, dated June 2, 2006.

II. That a ten (10) per cent dedication be made by a payment of a sum of money to the City in lieu of the requirement for land dedication based on the increase in the market value of the land.

III. That, in the event the application is not proceeded with expeditiously and the by-law is not enacted within twenty-four (24) months after adoption of the report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of this twenty-four (24) month period and the extension is subsequently approved by Council.

IV. That the City Solicitor/Manager of Legal Services be requested to prepare the necessary rezoning by-law and forward same to Council for all three (3) readings.

V. That the rezoning by-law shall come into effect when the Zoning Agreement has been registered by caveat against the subject land at the Winnipeg Land Titles Office, provided that the said effective date occurs within twenty-four (24) months from the date that the said rezoning by-law is adopted by Council.
