Subject: Sargent Park Skate Park

Hi Harvey & Happy New Year,

As you may recall, I am the Landscaper Architect and project manager on this most exciting development within our Ward.

I understand that the project still requires funding of $40,000.00 This money is required for the insulation that goes beneath the concrete skate bowl. This insulation is necessary to make the park a top notch, long term viable facility.

I understood from our meeting at Sargent Park back in the Nov. 05 that you could find $ through the Land Dedication Reserve. I believe that Clement & DeSmidt followed this process in supporting their Ward skate park developments last year.

If you require any additional information to take this to Community Committee, please let me know.

Construction will start this spring as soon as weather permits. Your presence at the ribbon cutting should be required by July 1st.

Best Regards,

David Wagner"
