Report

REASON FOR THE REPORT:

The Planning, Property and Development Department has negotiated the proposed acquisition of the "Subject Property", as shown on the attached Misc. Plan No. 13151, in accordance with the proposed purchase price, terms and conditions as specified on the attached Schedule "A".

By this report, Council approval is required for the proposed acquisition, as negotiated.

HISTORY:

In January 2007, the owner's representative offered the subject property, commonly known as 65 Fulham Avenue, for sale to the City.

At its meeting held on May 8, 2007, the Standing Policy Committee on Infrastructure Renewal and Public Works authorized the Director of the Planning, Property and Development Department to negotiate for the acquisition of the subject property.

Ensuing negotiations conducted with the owner's representative has produced a proposed agreement to sell the subject property to the City. The particulars of the subject property and negotiated settlement are as follows:

Location:	65 Fulham Avenue at Kenaston Boulevard
Legal Description:	Lot 8, Plan 5120 (as shown on Misc. Plan No. 13151, attached)
Owner:	Raymond Archibald Crossman, c/o Royal LePage, 1450 Corydon Avenue, Winnipeg, Manitoba, R3C 3Z6
Certificate of Title No.:	1962005
Zoning:	Rl-5.5A Residential District
Assessment:	Total Assmt: $135,700
Site Area:	757.0 sq.m.± (8,148.3 square feet ±)
Description of Property:	The property is improved with a 1941, one and three quarter storey, 151.99 m2 (1,636 square foot), 6 room residential building on a full, partially finished basement. The building is considered to be in fair condition for its age. A new double detached garage was constructed in August of 2001.

DISCUSSION:

On May 31, 2007, the owner provided the Planning, Property and Development Department with a signed Schedule “A” confirming his agreement to sell the subject property to the City.

The Department considers the proposed acquisition of the subject property by the City in the amount of $175,000.00 and upon the proposed terms and conditions of purchase, as specified in the attached Schedule “A”, to be acceptable. The proposed purchase price reflects the estimated market value, which is supported by an appraisal prepared by the City. The associated terms and conditions of acquisition are consistent with other acquisitions of a similar nature.

By proceeding with this proposed acquisition based on the proposal as recommended herein:

- The City will be in possession of the subject property and will not have to concern itself either with potential purchasers acquiring the property for speculation purposes or with market conditions in future years which could potentially increase the acquisition cost.
- This proposed settlement will also eliminate the need for this property to be expropriated by the City in the future, together with the risk of a litigated award, plus costs applicable under The Expropriation Act.

Once purchased, the subject building will be formally evaluated by the Real Estate Division of the Department for possible placement on the City’s property management program until such time as the property is required for the proposed widening of Kenaston Boulevard, or alternatively, for demolition of the building situated thereon.

Thus, the Public Works Department and the Planning, Property and Development Department are both of the opinion that it would be in the best interests of the City to conclude this matter on the basis of the proposal as specified herein.

All costs of acquisition, including demolition, are to be charged to Capital Account No. 003-18100-180604-1833000100 PROPERTY.
