Site Description

SITE DESCRIPTION
The subject property is located on the north side of McDermot Avenue between Furby and Sherbrook Streets. The site is zoned "RM-L" multi-family district. The site is currently a surface parking lot. Surrounding land uses and zoning are:

North: Public lane and then office building
South: McDermot Avenue then a parking area for the Manitoba Clinic
East: Three storey office building zoned "C2"
West: Parking area and then office building zoned "RM-L"

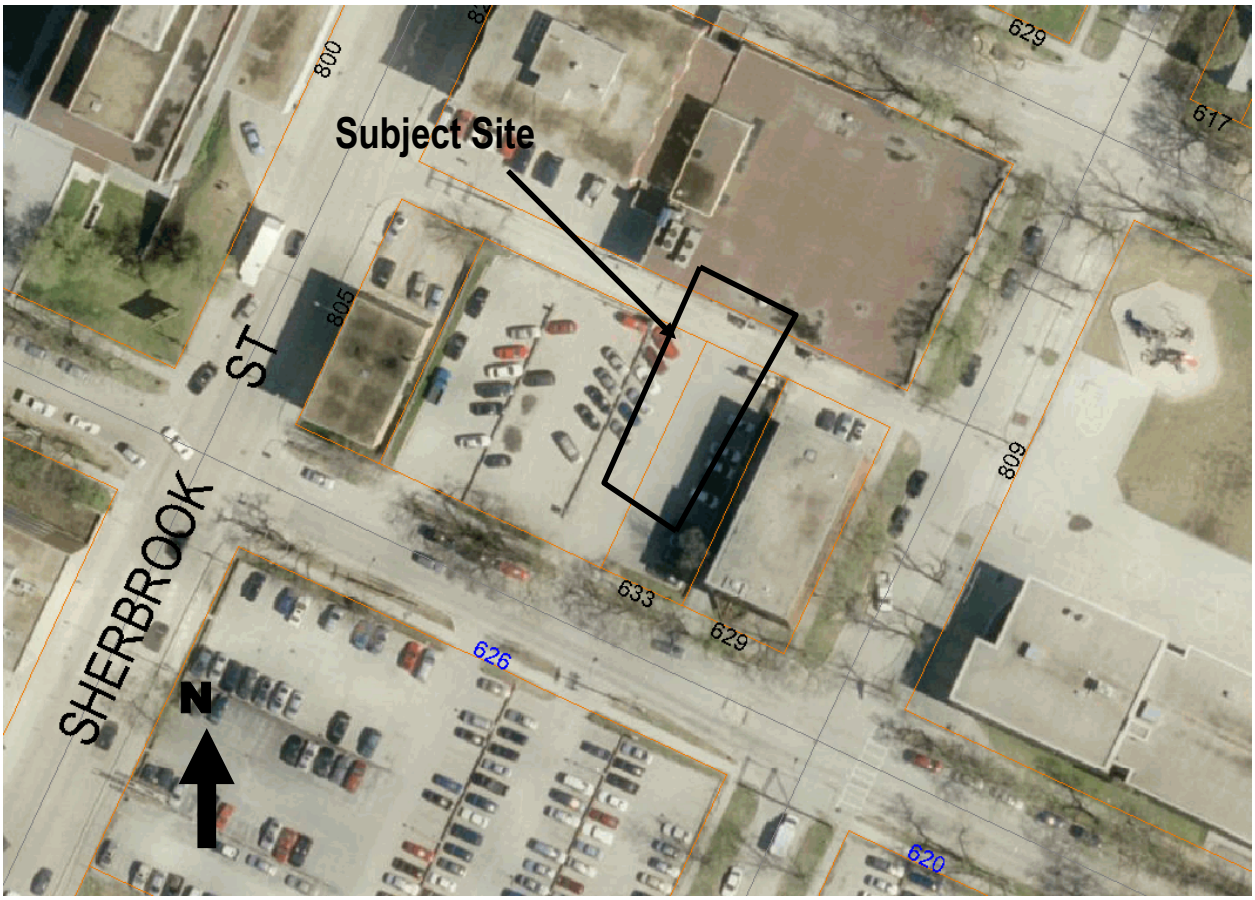

Figure 1: Subject Site (Aerial Photograph Flown 2005)

Background

The site has been a surface parking lot since a residential structure was demolished in 2001. At that time a use variance was required and granted with conditions because a non-accessory parking area is not permitted in the "RM-L" zoning district. A five year use variance was issued in 2002 and will expire this year. This application is to rezone the site to "C2" commercial district where the non-accessory surface parking is a permitted use.

Description of the Proposed Development

The non-accessory parking area is existing. It contains 14 stalls and is accessed off of a public lane.

Analysis

Plan Winnipeg

The subject property falls within a designated Neighbourhood Policy Area under *Plan Winnipeg* which allows for a variety of residential, commercial, institutional, and mixed uses; thus, the proposed rezoning is in conformance with *Plan Winnipeg*.

Compatibility with existing neighbourhood and surrounding uses
The abutting and adjacent uses to this site are offices, accessory parking areas, and non-accessory parking areas. The applicant is the Manitoba Clinic which is located nearby at the corner of McDermot Avenue and Sherbrook Street. The subject site is currently used for parking for staff of the clinic.

The property to the north of subject property (825 Sherbrook St.) was rezoned to "C2" in 2004 with a restrictive zoning agreement. The Planning and Land Use Division is recommending a similar zoning agreement for the subject property to limit uses that are inappropriate in a neighbourhood setting, particularly automobile related uses.

Transportation and Site Access
The parking area is existing and additional impacts are not anticipated.

Comments from other Departments
The Public Works Department has reviewed the rezoning application and has no objections.

Recommendation
The Planning and Land Use Division recommend approval for the following reasons:

- The parking area is existing and compatible with existing neighbourhood and surrounding uses.
- Additional impacts are not anticipated.
- A development agreement will protect against incompatible uses on the site.

Recommended Conditions of Approval

1. That The Winnipeg Zoning By-law 6400/94 be amended by rezoning the subject land as shown on Schedule "A" for File DAZ 204/2007 dated April 10, 2007, to a "C2" Commercial District, subject to the following:

    A. That the applicant enter into a zoning agreement with the City of Winnipeg pursuant to Subsection 240(1) of The City of Winnipeg Charter to provide for the following:

        i. That the following uses shall not be permitted on the land:

            a. automobile, including motorcycle: rental, sales, including accessory repair, service, installation of supplies/parts.

            e. contractors' establishment.
            f. farm supplies: sales.
            g. fuel: sales/kiosk.
            h. landscape/garden supplies: sales, including outside display limited to packaged supplies, plants or trees.

m. terminal for haulage, motor freight station, excluding an intermodal terminal.
n. terminal for courier/delivery/express service, cleaning service, key and lock service, security service, taxi, or similar service.
o. Tire: sales, service.

ii. That the following signs be prohibited on the "C2" land:
a. free standing signs.
b. mobile advertising signs, except for a period of fourteen (14) days in association with a new occupancy permit.
c. flashing and scintillating signs.

2. That a ten percent (10%) dedication be made by a payment of a sum of money to the City in lieu of the requirement for land dedication based on the increase in market value of the land.

3. That in the event the application is not proceeded with expeditiously and the by-law is not enacted within twelve (12) months after adoption of the report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of this twelve (12) month period and the extension is subsequently approved by Council.

4. That the City Solicitor/Manager of Legal Services be requested to prepare the necessary rezoning by-law and forward same to Council for all three (3) readings.
