Surrounding Land Use
North: To the north are open agricultural lands, zoned "A-5" Agricultural and set aside for future phasing of the Sage Creek Development.
South: To the immediate south is a zoned "C2" Commercial area which will constitute the proposed 18.4 acre Village Centre of the first phase of development .
West: To the west is Lagimodiere Boulevard and the Island Lakes residential neighbourhood zoned "R1-5" single family residential.
East: To the east large undeveloped open areas zoned " A-5" Agricultural and set aside under the Area Structure Plan for future phases of development.

Existing Zoning
The subject parcel is currently vacant and zoned " A-5" Agricultural.

Background:

In April 2005, the Standing Policy Committee on Property and Development identified the South St. Boniface Area Structure Plan as a priority project within the Planning, Property and Development Department's 2005 Secondary Plan Work Program.
The department implemented a collaborative planning process in partnership with Qualico Developments and their consulting team to prepare the area structure plan. This process also included close consultation with all affected City departments to address any issues related to the development of the subject lands and to ensure that the City's requirements were incorporated into the plan's policies.
On September 28, 2005, Council gave first reading to By-law 158/05 to adopt the South St. Boniface Area Structure Plan as a Secondary Plan and directed that the Riel Community Committee conduct a public hearing respecting the proposed by-law and plan. It was ultimately passed by Council November 23/05. In the early part of 2006, City Council endorsed the 1st phase of Sage Creek (DASZ 51/05) , which encompasses 103 acres overall and lies to the immediate south of Sage Creek Boulevard.

Description of the Proposed Development

The applicants are proposing to create a 5.6 acre parcel just east of the current entrance to the Sage Creek development and on the north side of Sage Creek Boulevard. The primary purpose of the rezoning is to accommodate the establishment of an office building, essentially the corporate head office of Qualico Developments. At this juncture, the administration does not have specific building details or site plans. It is apparent however, that construction is to begin soon after the rezoning process has been completed.

Analysis:

The subject parcel is situated in an area designated under the Area Structure Plan for future commercial and possibly some residential use. It will be part of what is described as an expanded village centre complex. Therefore the office building use, as proposed, is entirely appropriate and in accordance with the overall plans. Detailed building plans were not as yet available , at the

time of the report completion. It should be noted that dedication is to be addressed under the accompanying ACG Addendum to the original agreement under DASZ 51/05.

Recommendation

The Planning and Land Use Division recommends approval of the proposed rezoning and subdivision for the following reason:

- The proposed use is consistent with the overall plans approved under the Area Structure Plan.

Recommended Conditions of Approval

1. That the plan of subdivision proposed under File DASZ 24/2007 be approved for preparation as a plan of subdivision by a Manitoba Land Surveyor in accordance with Schedule "A" for File DASZ 24/2007 dated July 10, 2007, for registration in the Winnipeg Land Titles Office subject to the following:

    A. That the Developer be required to enter into an Addendum to Servicing Agreement AG 51/05 with the City containing all the conditions outlined in the report of the Administrative Coordinating Group dated July 10/2007 , 2007.

2. That The Winnipeg Zoning By-law No. 6400/94 be amended by rezoning the subject land as shown on Schedule "A" for File DASZ 24/2007 dated July 10/ 2007, to a "C2" Commercial District .

3. That the Director of Planning, Property and Development be authorized to certify any documents in connection therewith.

4. That in the event the application is not proceeded with expeditiously and the by-law is not enacted within twenty-four (24) months after adoption of the report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of this twenty-four (24) month period and the extension is subsequently approved by Council.

5. That the City Solicitor/Manager of Legal Services be requested to prepare the necessary by-law in accordance with the above.

6. That the subdivision section of the by-law shall come into force and effect upon execution by the City of Winnipeg of the Addendum to the Servicing Agreement.

7. That the zoning section of the by-law shall come into force and effect when the Plan of Subdivision has been registered in the Winnipeg Land Titles Office.

8. That the Plan of Subdivision shall be approved and signed by the Director of Planning, Property and Development within two (2) years of the date of passage of the aforementioned by-law.

9. That in the event the necessary City of Winnipeg mylar approval signatures have not been secured within twenty-four (24) months after adoption of the by-law, the matter shall be deemed to be concluded and shall not be proceeded with unless Council extends that time.

10. That the City Solicitor/Manager of Legal Services be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.
