Good Day Sir, My name is Clint Senebald, I am the Programs Director at the Deer Lodge Community Center. We here at the Center are in desperate need of a piece of equipment for our current tractor. I was hoping from your past experience over at Bourkevale, you may have some advice on how we may obtain a few extra dollars to go toward such equipment. We are in need of a Loader attachment to move the snow, which will be here soon, so I need to move on this issue. As you may realize, as a Community Center, funds are not always easy to come by. We seem to be going to the same "well" too often, this consists of the same volunteers & local business' who have been fantastic in the past, but find it tough to be here for us each & every time.

I don't want to take too much of your time, so I would just ask you forward any ideas you may have. I would also tell you, we have been turned down for assistance from GCWCC as they do not fund the purchasing of equipment. But without said equipment we will have a tough time hosting the variety of programs we do throughout the winter months. Any help would be VERY appreciated. If you have any questions or concerns, please feel free to call me at 888-2049.

Thank you for your time.
