REPORT

RECOMMENDATION(S):

That the "subject city property" as shown on Misc. Plan No. LSWK 9300/1 be declared surplus to the City's needs subject to Council's subsequent adoption of a road closing By-law respecting the "proposed street closing", also as shown on Misc. Plan No. LSWK 9300/1.

REASON FOR THE REPORT:

The Planning Property and Development Department has received several enquiries relative to the availability of this city-owned property. The request requires the consideration of the Standing Policy Committee on Property and Development.

HISTORY:

The subject City property as shown on Misc. Plan No. LSWK 9300/1 was acquired for the McGregor Street Extension Project. With the completion of the extension to Templeton Ave., the Public Works Department confirmed that the right-of-way is surplus and they have no objection to the closure and sale of it or the residual adjacent lands, except for an area to be retained for a street opening on Templeton Ave. as shown on Misc. Plan No. 9300/1.

The details of the property are as follows:

The Real Estate Division has completed its circularization process and has determined that the Subject City property as shown on Misc. Plan No. LSWK 9300/1 can now be declared surplus to the City's requirements. The Division consulted with the Lord Selkirk-West Kildonan Community Committee on November 12, 2003. The Community Committee advised the Planning, Property and Development Department that it had no objections to the proposed sale on the condition that the net sale proceeds be credited to the Lord Selkirk-West Kildonan Community Committee Land Dedication Reserve Fund.
