SUBDIVISION AND REZONING
Land located: 1131 St. Mary's Road
Riel Community
File No. DASZ 27 /02

An application has been received from Paramount Service Ltd. for approval of a plan of subdivision and related zoning change to Zoning By-Law No. 6400/94 by rezoning the subject lands from an " R1-5" Residential District and a " C1 " Commercial District to a " C2" Commercial District in order to consolidate two adjoining parcels for use as a parking lot for Maximes Restaurant..

RELATED FILES: DCU 249/02D,DAV 999/02D

SITE DESCRIPTION:

Site Area:

The overall area of all properties on both the east and west sides of the lane totals approximately 60,000 sq.feet (1.4 acres).

Existing Land Use and Zoning:

The lands in question are currently being being utilized by a restaurant (Maximes) and adjoining parking areas. The lands are currently a mix of C1 and C2 Commercial and R1-5 Residential zonings.

Surrounding Land Use and Zoning:

North: To the north is a multi-tenant commercial mall zoned C2 Commercial.
South: To the south immediately adjacent is a restaurant (Georges) zoned C2 Commercial.
East: To the east is a multiple family housing area (relatively high density) zoned RM-5 and R1-5 Residential.
West: To the west of St.Mary's Road is a convenience store zoned C1 and a service station zoned C2.

DEVELOPMENT DESCRIPTION:

The primary reason for the DASZ application is to consolidate two adjoining parcels Lot 27, Blk 7, plan 1868 and Blk 2, Parcel 25,998 into one parcel to provide for a reconfigured and larger accessory parking area for an expanding Maximes Restaurant. The new parking area is also to be rezoned to a C2 Commercial category to coincide the existing zoning of the restaurant. There is also an accompanying Conditional Use application to allow for the 1,031 sq.ft.expansion of the existing restaurant and the addition of a cocktail lounge. An accompanying variance will allow for reduced yards along the lane brought about by the restaurant expansion and will also modify or delete several of the design and landscaping requirements outlined under previous variances for the accessory parking area east of the lane and north of Craddock Ave.

PLAN WINNIPEG:

The proposed subdivision and rezoning is not in conflict with current Plan Winnipeg policy. The subject property falls within a designated Neighbourhood Policy Area which allows for commercial redevelopment and expansion.

ADMINISTRATIVE COMMENTS:

The Planning and Land Use Division supports the proposed expansion and redesign of the parking areas lying adjacent to Maximes. The required consolidation of parcels , the rezoning to one zoning category for the frontage lots along St. Mary's Road and all of the newly proposed variances will help to clarify and clean up all of the past overlapping history of variance approvals spanning 25 years of ongoing redevelopment on the site. It is

recommended that the Riel Community Committee fully endorse the subject application as submitted. It should be noted that the lane width along a 50' strip of the newly proposed parking area (Lot 27, Block 7) is 4' less than that which exists to the north or south. That minor irregularity should be addressed such that the subject strip is dedicated to the City of Winnipeg through the subdivision /rezoning process thereby properly aligning the lane and broadening it to an acceptable City standard.

RECOMMENDATION:

I. That the plan of subdivision proposed under File No. DASZ 27/02 be approved for preparation as a plan of subdivision by a Manitoba Land Surveyor in accordance with Schedule " A" for File No. DASZ 27/02, attached hereto and dated December 3/02, for registration in the Winnipeg Land Titles Office.

II. That the Director of Planning, Property and Development be authorized to certify any documents in connection therewith.

III. That Zoning By-Law No. 6400/94 be amended by rezoning the subject land as shown on Schedule " A" for File No. DASZ 27/02, attached hereto and dated December 3/02 to an " C2" Commercial District .

IV. That a 50' long by 4' wide strip along the eastern limit of Lot 27, Block 7, Plan 1868 be legally opened at no cost to the City of Winnipeg by way of subdivision to widen the adjoining lane at that point from its current 16'width to the 20'width currently required to meet City standards.

V. That a 10 percent dedication be made by a payment of a sum of money to the City in lieu of the requirement for land dedication based on the increase in market value of the land.

VI. That, in the event this application is not proceeded with expeditiously and the by-law is not enacted within twenty-four (24) months after adoption of this report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless Council extends that time.

VII. That the City Solicitor be requested to prepare the necessary by-law in accordance with the above.

VIII. That the zoning section of the by-law shall come into force and effect when the Plan of Subdivision has been registered in the Winnipeg Land Titles Office.

IX. The Plan of Subdivision shall be approved and signed by the Director of Planning, Property and Development within two (2) years of the date of passage of the aforementioned by-law.

X. In the event that the necessary City of Winnipeg mylar approval signatures have not been secured within 24 months after adoption of the by-law, the matter shall be deemed to be concluded and shall not be proceeded with unless Council extends that time.
