Report Summary:

- Cantor's wishes to initiate development of a new 10,820 square foot grocery store and parking lot area
- The new development requires rezoning and subdivision approvals
- The Planning and Land Use Division recommends that the application be approved

Site Description

Parcels A&B

The subject properties, which are currently zoned "R2A" Residential and "C1" Commercial, are located at the northwest corner of Logan Avenue and Quelch Street in the Weston neighbourhood of the Point Douglas ward.

North: Commercial use zoned "C1" Commercial and residences zoned "R2A" Two-Family Residential
South: Commercial uses zoned "C2" Commercial
East: Commercial uses zoned "C1" Commercial
West: Residences zoned "R2A" Two-Family Residential

Parcel C

The subject property, which is currently zoned "C1" Commercial, is located at the southwest corner of Quelch Street and Gallagher Avenue in the Weston neighbourhood of the Point Douglas ward.

North: Residences zoned "R2A" Two-Family Residential
South: Commercial use zoned "C1" Commercial
East: Residences zoned "R2A" Two-Family Residential
West: Residences zoned "R2A" Two-Family Residential

Description of the Proposed Development

Cantor's Grocery wishes to initiate development of a new grocery store at the northwest corner of Logan Avenue and Quelch Street. In order to establish the use, they plan on using lands they currently own, zoned "C1" Commercial, as well as additional land to the west, which they have an option to purchase, currently zoned "C1" Commercial and "R2A" Residential. Upon approval, they intend to consolidate the land holdings and demolish the existing residential structure on the westernmost parcel.

Additionally, the applicant intends to demolish the existing grocery store at the southwest corner of Quelch Street and Gallagher Avenue to establish a surface parking lot, which will serve the new grocery store. In light of the fact that non-accessory parking lots are not permitted in "C1" Commercial District, the applicant is applying to rezone this property from "C1" to "C2" Commercial.

Analysis

Plan Winnipeg

Under Plan Winnipeg 2020, the subject area is, in its entirety, within a Neighbourhood Policy Area. Neighbourhood Policy Areas are intended to include a residential mix together with a variety of educational, recreational, institutional, commercial and limited industrial uses, at a scale and density compatible with each other. For that reason, the proposed development is consistent with Plan Winnipeg.

Compatibility with the existing neighbourhood and surrounding uses

Store
Cantor's Grocery Store has been serving the community for many years and the proposed redevelopment, which will provide a larger, modern building is seen by many as a positive development for the surrounding neighbourhood and the community as a whole.

By locating the new store on Logan Avenue, the development will enhance the existing commercial district and improve the visual appearance of the Logan and Quelch intersection. Additionally, by locating the building right up to the sidewalk, the pedestrian feel of the area will be strengthened.

Parking Lot

The proposed parking lot is relatively small and is not expected to have a detrimental impact on the surrounding residential neighbourhood or lead to an excessive amount of traffic on either Quelch Street or Gallagher Avenue. It should be noted that the parking area will be surfaced and screened with light proof fencing and landscaping, as required under By-Law 6400/94.

Given that the parking area is adjacent to single-family residences on three sides, the Division is recommending that certain types of commercial uses be restricted through a zoning agreement on the property.

Transportation and Site Access

Loading
Currently, trucks are forced to obstruct the rear lane in order to make deliveries to the site. The new building incorporates an internal loading area, which will allow trucks to make deliveries without obstructing the rear lane.

Site Design Issues

The applicant has designed the building to meet key planning objectives such as:
- Safety for the general public
- Strengthening the pedestrian feel of Logan Avenue

- Providing visual interest
- Providing articulation and changes in building massing
- Internalizing the loading area
- Partially screening rooftop mechanicals

With that said, administrative plan approval is being recommended in order to finalize minor design details.

Comments from other departments

Public Works has reviewed the plans and has indicated that they have no objections to the proposed development

Public Input

The applicant has indicated that surrounding property owners as well as the Weston Residents Association were consulted on the proposed development.

Recommendation

The Planning and Land Use Division recommends approval of the proposed rezoning and subdivision for the following reasons:

- The proposed uses are compatible with the area
- The proposed uses are consistent with Plan Winnipeg policy
- The new building will enhance the existing commercial district and improve the visual appearance of the Logan and Quelch intersection.
- The proposed uses will not have an adverse impact on adjacent properties
