Minute No. 56
Report - Standing Policy Committee on Property and Development – November 13, 2007

Item No. 1 Demolish Improvements - 755 Tache Avenue
File EB-1.5

COUNCIL DECISION:

Council concurred in the recommendation of the Standing Policy Committee on Property and Development and adopted the following:

1. That the Director of the Planning, Property and Development Department be authorized to undertake the demolition and site clean up of 755 Tache Avenue.

2. That the Council decision of June 20, 2007, be amended so that the net proceeds of the sale of the City properties, identified on Misc. Plan No. 12964/1, be utilized for riverbank park development at 755 Tache Ave instead of the site clean up.

3. That $212,400 from the 2007 Riverbank Greenway Programs Capital Account be identified for the demolition and site clean up of 755 Tache Ave.

Report

REASON FOR THE REPORT:

Authority from the Standing Policy Committee on Property and Development is required to demolish or remove any City owned building or structure, which is on a site required for a stated public purpose.

HISTORY:

For many years, the City has been interested in acquiring riverbank property on the west side of Tache Avenue between Provencher and the CNR Highline for the Boni-Vital Parkway.

In 2002, an extensive community consultation process was conducted in the St. Boniface and North St. Boniface neighbourhoods through the Building Communities Initiative. One of the most highly prioritized projects identified by area residents was for the acquisition, clean-up and development of a riverbank park for the riverbank lands between Rue La Verendrye and Rue Aubert (755 Tache Ave).

On June 6th, 2006, the Standing Policy Committee on Property and Development instructed the Director of Planning, Property and Development to actively pursue all options for the acquisition of the subject property commonly known as 755 Tache Avenue, shown outlined on Misc. Plan No. 9546/2, to facilitate development of the Boni-Vital Parkway.

At it's meeting on December 6, 2006, Council approved the acquisition of the property known as 755 Tache Avenue for the purposes of the Boni-Vital Parkway.

At its meeting on June 20, 2007, Council approved a land sale in North St. Boniface, outlined on Misc. Plan No. 12964/1, in which the net proceeds were to be utilized for the clean-up of 755 Tache Ave.

DISCUSSION:

There are cost issues associated with the site at 755 Tache Ave. These include building demolition, site clean-up, and site development costs. Demolition and clean-up costs have been estimated recently (October 2007) at $212,400. Site development costs (riverbank park development) have been estimated to be $219,000 (May 2007).

Funding for the demolition and site clean-up of 755 Tache Ave has been identified through the proceeds of a land sale. At its meeting on June 20, 2007, Council approved a land sale in North St. Boniface, outlined on Misc. Plan No. 12964/1, in which the net

proceeds were to be utilized for the clean-up of 755 Tache Ave. However, this funding is subject to the new owners being successful with their rezoning application. In addition, this funding will only be available after the land title transfer, which may not occur until late 2008. These facts make it impossible to utilize this funding source for the short term. This funding source could be available for the park development after building demolition and site clean up is completed.

Funding to cover the cost of the riverbank park development is available in the 2007 Riverbank Greenways Programs Capital account. However, park development cannot begin until the building has been demolished and the site cleaned up.

It is proposed that the funding currently available for the park development be utilized for the demolition and site clean-up of 755 Tache Ave ($212,400) and the funding that will be available later in 2008, as a result of the land sale, be utilized for park development ($219,000) instead of building demolition and site clean-up.
