REPORT

REASON FOR THE REPORT:

Approval of City Council is required to enter into a formal Memorandum of Understanding.

HISTORY:

The City of Winnipeg, along with Shoal Lake First Nation #40 and the Province of Manitoba, signed the Tripartite Agreement on June 30, 1989.

DISCUSSION:

Winnipeg's water supply source is Indian Bay, which is an arm of Shoal Lake straddling the Manitoba/Ontario border. Shoal Lake has been Winnipeg's sole source of drinking

water since 1919 and has provided high quality water since that time, due to the fact that the water body is still largely undeveloped.

Shoal Lake First Nation #40 lands surround the western and southern portions of Indian Bay, while the principal population concentration of approximately 200 is on the south shore of Indian Bay. On June 30, 1989 the City of Winnipeg, Province of Manitoba and Shoal Lake First Nation #40 signed a Tripartite Agreement. The intent of the agreement is to provide the First Nation with economic development opportunities while protecting water quality at Shoal Lake, which is the source of drinking water for Winnipeg and the First Nation. The agreement is administered by the Shoal Lake Agreement Committee, made up of the Chief of Shoal Lake First Nation #40, the Mayor, and the provincial Minister of Intergovernmental Affairs. The Agreement Committee meets annually to consider the report and recommendations of a working group comprised of members from all three parties.

One of the clauses of the Tripartite Agreement requires that the City and Province are to make every effort to promote economic development beneficial to the First Nation which is consistent with the preservation of water quality. In this regard, the City and Province have made available to the First Nation various employment opportunities. There is also an Economic Opportunity sub-committee which explores a variety of economic opportunities for the First Nation, but progress has been limited.

Most recently, the First Nation has approached the City to discuss potential opportunities for commercial infrastructure redevelopment which may benefit both the First Nation and the City of Winnipeg, and have requested that the City enter into a formal Memorandum of Understanding to explore these opportunities.

The Memorandum of Understanding does not commit the City to any legal obligation. A committee will be established but its authority will be limited to exploring development options and providing reports and recommendations to Council. As well, a clause has been included in the Memorandum of Understanding to ensure that the Tripartite Agreement takes precedence should any conflict in the terms and conditions of either document arise.

The Memorandum of Understanding is attached. It is recommended that the City enter into this arrangement.

MEMORANDUM OF UNDERSTANDING (MOU)

THIS MEMORANDUM OF UNDERSTANDING ("MOU") dated as of (insert date), 2007

BETWEEN: **Shoal Lake First Nation No. 40**

(the "First Nation")

- **AND –**

The City of Winnipeg

(the "City")

RECITAL:

A. The City owns and operates an aqueduct which transports water to the City of Winnipeg.

B. The First Nation and the City have historically maintained a relationship with regards to the water supply at Shoal Lake.

C. The relationship is currently expressed through a Memorandum of Agreement made as of the 30th day of June, 1989 between the City, the First Nation and the Province of Manitoba.

D. The First Nation has been exploring economic and commercial opportunities and is actively developing an investment grade commercial platform for the First Nation.

E. The First Nation and the City have had informal discussions regarding the future replacement of the aqueduct as well as other water related infrastructure projects.

F. The City brings to this MOU certain expertise and resources including project development expertise, and operations and maintenance expertise.

G. The First Nation brings to this MOU the knowledge and expertise including human resources as well as unique opportunities as a First Nation to develop unique business and financing models.

H. The parties wish to ensure that any development activity involving the City and the First Nation recognizes the importance of the environment.

I. The parties recognize that the historical development of the aqueduct occurred without meaningful consultation with the First Nation. The parties recognize that this is an era of new relations with the First Nation and will involve the First Nation in the future redevelopment of the aqueduct to the benefit of both parties.

J. The parties agree that exploring commercial infrastructure development models is in the interest of both parties.

K. It is recognized that based on current information available regarding the condition of the aqueduct, its capacity and the current water consumption projections for Winnipeg, the City does not require either a supplementary aqueduct or a replacement aqueduct to meet its needs for the foreseeable future.

1.0 COLLABORATIVE REVIEW COMMITTEE

1.1 The Parties agree that within 30 days of the execution of the confidentiality agreements described in section 5.1 they shall establish an operating committee (the "Collaborative Review Committee" or "Committee").

1.2 The Committee shall consist of 6 members, three of whom shall be appointed by each party.

1.3 The parties agree that, to the extent reasonably possible, each of the Committee's meetings shall be held in a convenient location for the parties.

1.4 At the first meeting of the Committee, the Committee shall determine and adopt such rules and administrative processes as are deemed appropriate for the Committee.

1.5 The initial responsibilities of the Committee include discussions and review of the current condition and capacity of the aqueduct and the potential for commercialization and redevelopment in a manner beneficial to both the City and the First Nation as deemed appropriate by the City.

1.6 Subject to any legislation governing privacy and access to information, the City and the First Nation shall make reasonable efforts to provide to the Committee such data, studies, information and reports (the "Information") required by the Committee from time to time to carry out its functions. The Parties acknowledge and agree that all Information provided hereunder shall remain at all times subject to the confidentiality agreements and obligations described in section 5.1, and the Parties further acknowledge and agree that their Committee members and advisors shall abide by the provisions of this MOU and such confidentiality agreements.

1.7 The Parties acknowledge and agree that the Committee shall be an advisor committee only and shall only have authority to examine development options and report its findings and make recommendations to the City Council and the First Nation Chief and Council.

2.0 PROJECT AGREEMENTS

2.1 The Parties acknowledge and agree that the following objectives shall be incorporated into any development option recommended by the Committee which the Parties agree to consider:

2.1.1 For the purposes of investment and participation in any commercial infrastructure development, the First Nation shall incorporate under the laws of either Canada or Manitoba a corporation and shall capitalize such corporation so that it achieves an investment grade rating prior to entering into any arrangement with the City;

2.1.2 Development shall be designed, constructed, operated and maintained in compliance with the applicable laws, regulations, permits and approvals and in a manner that minimizes incremental adverse environmental impacts;

2.1.3 Developments shall be designed, constructed, operated and maintained in a manner which provides opportunities to create employment, training, business and educational opportunities for the First Nation and its members; and

2.1.4 Commercial agreements between the parties shall provide for a dispute-resolution mechanism which respects equally the processes and traditions of the First Nation as well as the laws of Manitoba, Ontario and laws of Canada.

3.0 CO-OPERATION AND COSTS

3.1 Unless otherwise provided herein, the Parties shall each pay their own costs of this MOU, including any and all costs arising for or associated with their committee members and such Party's advisors participating in the Committee up to the creation of a project operating company or companies a referred to in section 2.1 above, after which said costs shall be paid by the operating company or companies.

4.0 TERM

4.1 The term of the MOU commences as of the date hereof and expires on , unless terminated by operation of section 5.1 or unless terminated at any time by either of the Parties as provided in section 4.2.

4.2 This MOU may be terminated by the Parties upon (90) calendar days written notice to each of the other Parties, provided that all financial obligations of the Parties accrued up to and including the date of termination will survive the termination of this MOU.

4.3 Upon termination of this MOU pursuant to section 4.2 hereof:

4.3.1 The Committee will cease immediately any and all work then underway; and

4.3.2 There will be no liabilities or obligations as between the Parties, nor shall any Party have any rights as against the Party with respect to the matters discussed pursuant to this MOU, except for all financial obligations as described in section 4.2 and those contained in the confidentiality agreement as described in section 5.1.

5.0 CONFIDENTIALITY AND EXCLUSIVITY

5.1 The Parties agree that they shall negotiate in good faith a confidentiality agreement which agreement shall be in a form satisfactory to each of the Parties and each Party's counsel.

5.2 The Parties agree that nothing in this MOU is intended nor shall be deemed to constitute, create or otherwise recognize any legally binding relationship, or obligation to either

Party. Any legal obligations shall only arise upon the completion and execution of a mutually satisfactorily definitive legal agreement or agreements.

5.3 The Parties agree that should there be any conflict as between this MOU and the terms and conditions of the Shoal Lake Agreement, the Shoal Lake Agreement shall take precedence.

6.0 NON DEROGATION

For greater certainty, nothing in this Act shall be construed so as to abrogate or derogate from any existing aboriginal or treaty rights of the aboriginal peoples of Canada under section 35 of the Constitution Act, 1982.
