Report

REASON FOR THE REPORT:

All street and lane closings require the consideration of the Community Committee.

HISTORY:

The Planning, Property and Development Department has received a request from Mara L. Koven of Levene Tadman Gutkin Golub LLP, representing the owners of the Courts of St. James, to purchase the public lane identified as “Proposed Closing – DAC 21/2007” on the attached Misc. Plan No. 13276. The owners of the Courts of St. James, located at 2727 Portage Avenue, have recently acquired the property located at 2741 Portage Avenue and now own all of the land which surrounds the subject closing. It is the intention of the owners to consolidate the lane with their adjoining holdings.

DISCUSSION:

Administrative Approval

The proposal has been considered by all affected City departments and public utilities. There are no administrative objections to the closing.

The approval of the closing by the Public Works Department is subject to the following conditions:

> The applicant will be responsible for the removal of the existing lane turn-out from Booth Drive and the restoration of the curb, boulevard and sidewalk. If the applicant desires to retain the existing lane turn-out, the applicant will require Private Approach approval for the lane turn-out to remain as a private approach after the lane is legally closed.

Easements

> The Engineering Division of the Water and Waste Department has identified a 600 mm wastewater sewer main within the public lane.
>
> Manitoba Hydro has also identified a plant within the closing area.
>
> Both utilities will require easements for these existing facilities. No permanent structures will be allowed within the easement areas.

Transfer of Jurisdiction Over Public Rights-of-Way

The public lane must be legally closed before it may be sold. Title to all public rights of way in Manitoba is vested in the name of the Province. The registration in the Winnipeg Land Titles Office of a closing by-law removes the public right of way status from the land and vests the ownership of the property in the City's name. The City is not entitled to dispose of the land until this has been done.
