STANDING POLICY COMMITTEE ON PROPERTY AND DEVELOPMENT

QUESTION PERIOD

Minute No. 702
Councillor Wyatt made reference to the Climate Change Conference and noted that the Province would be working towards reducing greenhouse gas emissions below 1990 levels. He cited that one of the initiatives was developing and implementing green building codes that achieve the higher standard of energy efficiency in Canada. Councillor Wyatt questioned if there were any initiatives under way with regards to the City, to which Councillor Swandel replied that he would take the question under advisement.
